

LMN Restorations and Polishing Ltd

PROJECT SITE INDUCTION APPLICATION FORM

This form must be completed in full by the Sub-Contractor on behalf of the pass applicant and be submitted by the applicant on arrival for Induction. Presentation of this application other than in the prescribed form will delay the issue of a site pass. An application may be rejected where information in this form is missing or unsatisfactory.

No person will be permitted to work on site without having attended the project site safety induction. Where English is not the applicant's first language, an interpreter/translator must be in attendance during the induction. Where the applicant is under 18 years of age, a risk assessment from the company and letter of consent from the applicant's Parent(s) or Guardian(s) must be submitted to CWCL when attending the safety induction. Evidence of identity (see below) and current CSCS (Construction Skill Certification Scheme) cards or an acceptable alternative must be produced by the applicant when attending the safety induction. By completing and returning this form the Trade Contractor authorises the applicant access to site, once the applicant has passed the safety induction, and warrants that he (the Trade Contractor) is not aware of any medical condition by the applicant which may affect his/her ability to work safely on site and further warrants that, if relevant, the applicant has the necessary work permit for the United Kingdom.
