Invite your community to Dine After Dark!

We're on a mission to build inclusive communities through better business practices. Our growing network of restaurants and businesses offer extended operating hours during the Islamic holiday month of Ramadan, an important holiday celebrated by 3.5 million American Muslims and 1.6 billion people worldwide.

During Ramadan, many Muslims celebrate by observing a traditional holiday fast each day from dawn until dusk and – as the holiday cycles through our calendar ten days earlier each year – sometimes fasting lasts as late as 9PM.

That's why we Dine After Dark – to make dining-out more convenient for customers celebrating the holiday season. The practice is good for customers, good for businesses, and helps foster more inclusive communities.
