

## \*Pendulum 101\*

During this experience you will chose a pendulum that calls to you and learn how to use it to help you on a daily basis. Bring a bag of supplements that you already use and some that have been pushed to the back of the cabinet. We'll use these along with the pendulum to see which are for your highest good. For example, do you really need to take a Vitamin C supplement everyday? Maybe not, imagine the money you can save if you actually only need it every other day. Typically the body doesn't need everything each day. You will also learn how to test which foods are most beneficial for you in each moment.

You will leave with your new pendulum and the practiced skills to use it with confidence. You will also receive a 20% off coupon for any other in-barn purchases made during this event.

This is a 1.5 hour experience.
