Patient: Harley

Doctor	Performed	Description	Quantity	Amount
Youngblood, R	8/17/26	EXAM - General	1	\$61.00

Exam Notes: Harley presented for annual vaccinations and coggins.

Exam:

T: 100.0F; P: 40 bpm; R: 20 breaths/min; Weight 1320 pounds; BCS 7/9.

Teeth are sharp and are in need of floating. Remainder of physical examination is wnl.

The Rabies vaccine was administered in the right neck and the Prestige V +WN (EWT/WNV/F/R) vaccine was administered in the left neck. Please monitor these sites for any swelling or soreness. It is normal for horses to display mild lethargy or develop a fever following vaccine administration. The coggins will be emailed to you. Please contact SEMC if you have any questions or concerns.
