EXAM NOTES
PRE-PURCHASE EXAM

The horse was presented to Becker Equine for Pre-purchase Examination. The horse was bright, alert and responsive. Physical exam was within normal limits. Heart and lungs auscultated within normal limits. Gastrointestinal sounds were within normal limits in all four quadrants. The ears and eyes appear to have appropriate structure with no defect. The horse was visual and able to hear well. Limbs were palpated and no clinically significant abnormality were noticed. The horse was ambulating sound at walk and trot on straight line on concrete. Negative to all 4 feet hoof tester. Patient lymph nodes all appear to be symmetrical and normal size. Coat is smooth with no significant issue noticed.

DISCLAIMER: I, Rolf B Modesto have examined and conducted a pre-purchase examination of the above named horse in accordance with traditional standards. Please note that this examination does not imply any kind of warranty or guarantee. My evaluation does not encompass the horse's temperament, ability, or aptitude for the chosen discipline.

Rolf B. Modesto, VMD
 Diplomat, American College of Veterinary Surgeons – Large Animal
