Summary:

We Dem Boyz
Vaughny added J.J, and unknown number.

Vaughny: Fellas, I just spoke with the rookie in Ottawa, Boodram, and we realized there is no safe space in the league for minorities for us. I would make a big group chat, but I think the four of us is good enough.
J.J: Ahhh, shit. Sounds good to me. Welcome to hell - I mean welcome to MHL Boodram!

Vaughny: No, you were right J.J. Welcome to hell.

Boodram: 🤔🤔. Thanks guys. I appreciate it.

Shane: Yes welcome!

Shane: Also, what does the name of the chat mean?

J.J: Ahhh Captaine....

Or Carter Vaughn creates a group chat with Shane, J.J and Zane and they become each other's support system.

I wanna shout out @yamheadashcoops on A03 who blessed us with the funniest series in history and brought all the baddies together: Vaugny, JJ, Boodram, Shane, Svetlana & special guest Ilya who Sevtia repeatedly calls 'white boy' 😊 (lovingly of course)

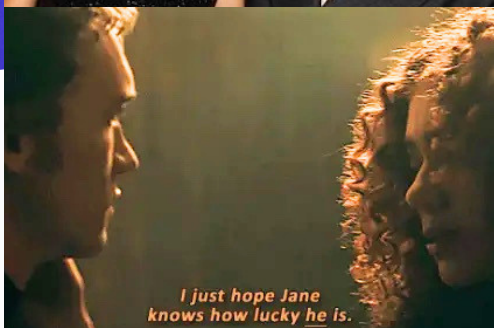

As a veteran fanfic writer (I ain't new to this I'm true to this- tumblr girlies remember!) it has felt like a gift and a curse to watch certain genres and platforms become mainstream. However, it is always exciting to see the ways Black creatives manifest enclaves just for us within fandoms. In the world of romantasy, spice, smut etc. especially, I have followed hundreds of Black authors, creatives and self publishers in the past year. I am so proud of everyone bringing their full selves to their art and excited for all the Black girls who have found freedom and liberation or regained access to their creative spark through this genre <3

Trinidadian Russian baddie Ksenia stole our hearts as Svetlana Vetrova & lowkey saved the day by telling Ilya she knew damn well he was in love with that man 🥺 Can't convince me she wouldn't have thrown hands with Alexei if it came down to it. She made her runway model debut this year at New York Fashion Week wearing Christian Cowan. IKTR!

Ksenia Daniela Kharlamova (Svetaaaaaaa <3)

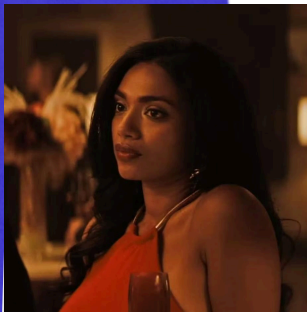

I just hope Jane knows how lucky he is.

(ELENA AAA XOXO)

Tea clocker & show stopper Elena did not play about her Kip and thank god for that because Skip's beautiful coming out is how our boys ended up at the cottage! The Guyanese & South African bombshell has been creating & appearing in queer media for years. Check out Slo Pitch, Barbelle & Settle Down
