SAVE MONEY WITH CREDIT FOR APPRENTICESHIP

The cost of tuition and fees varies significantly between colleges and universities. Generally, a public community (two-year) college, such as WCC, will cost much less than a four-year college or university. For the 2021-2022 academic year, WCC's tuition rate (including fees) for online classes is \$137 per credit hour for out-of-state students. See wccnet.edu/tuition for the most current in-district and out-of-district tuition rates.

When estimating the cost of your associate degree at WCC, consider the value of the college credits that we grant you for your UA Apprenticeship or UA Star Exam.

**Earned at WCC or may be transferred from previous college.*

APPRENTICESHIP AND UA STAR EXAM VERIFICATION

UA members who achieved journey status after August 2000 and current UA apprentices can receive 45 college credits from WCC for completing their apprenticeship experience. Interested apprentices should see their Local Union Training Coordinator to be registered for these college credits.

UA members who achieved journey status prior to August 2000 will need to pass the UA STAR exam to receive the 45 credits for their apprenticeship experience. Please contact your UA Local Union Training Coordinator to schedule an exam date and obtain study materials.

ESTIMATED COST OF AN ASSOCIATE IN APPLIED SCIENCE

(Based on 2023-2024 out-of-state* online tuition rates). See wccnet.edu/tuition for current in-district and out-of-district rates.

WCC TUITION AND FEES		
UA Apprenticeship	\$150 x 45 credits	Savings of \$6,750
General Education	\$150 x 16 credits** [5 classes]	\$2,400
Major (Program Option)	\$150 x 15 credits [5 classes]	\$2,250
Estimated Cost of Textbooks	\$100 per book x 10 classes	\$1,000
Estimated Cost for Your Associate Degree		\$5,650
<p>* Tuition rate may vary based on residency. See wccnet.edu for more information. ** Contact your WCC UA Manager to develop a customized academic plan.</p>		

FLEXIBILITY

WCC's online degree programs are designed to help you meet your academic and career goals. Online learners need to be independent, motivated and self-starters. In addition, you can expect online classes to have deadlines. But because online classes are available to you 24-hours a day, seven days a week, you have the flexibility of scheduling study and class time during different hours than work or family time. Attend class anywhere you have a computer with access to high speed internet.

WHAT IS THE ONLINE LEARNING ADVANTAGE?

With more than 100 online classes available, it is possible to finish your college degree completely online. Each incorporates quality online standards for a complete e-Learning student experience.

Virtual classroom

Connect with your UA brothers and sisters through online discussion boards. Save time by taking tests and submitting class assignments all online without driving to campus.

Online video lectures

Learn from industry professionals and WCC's faculty as they deliver important course content when it is convenient for you. Online videos are available 24/7.

Online faculty support

Take advantage of a flexible but supportive educational experience. Many of WCC's online instructors come from industry and understand the challenges of planning your school schedule around work, family and other responsibilities.

“

I'm happy that I completed my Construction Supervision Degree with Washtenaw Community College. It wasn't as difficult as I thought it would be to go back to school, and the staff was always eager to help me out with any questions. **I will continue to look back and be proud that I invested the time and effort to continue my education. The benefits will be endless throughout my career.** ”
