Lilith is a young, brave and smart business woman owner of a Foundation dedicated to people with Down Syndrome. In search of funding for her foundation, Lilith comes across the corruption network of the highest echelons of her country. This is my version of Lilith, the main character of “Lilith Down”, the new movie written and directed by Franklin Briones. My challenge was to try to show that Lilith can be a very good girl or a very bad girl depending on her needs. - ZBrush and Character Creator

Lilith is a sensual and athletic woman who goes everywhere on her bicycle. She has learned to use her beauty as one of her most effective and deadly weapons. - ZBrush and Character Creator

Mefisto, the Machiavellian strategist behind the power in “Ciegobia”.
- ZBrush, Character Creator and Maya

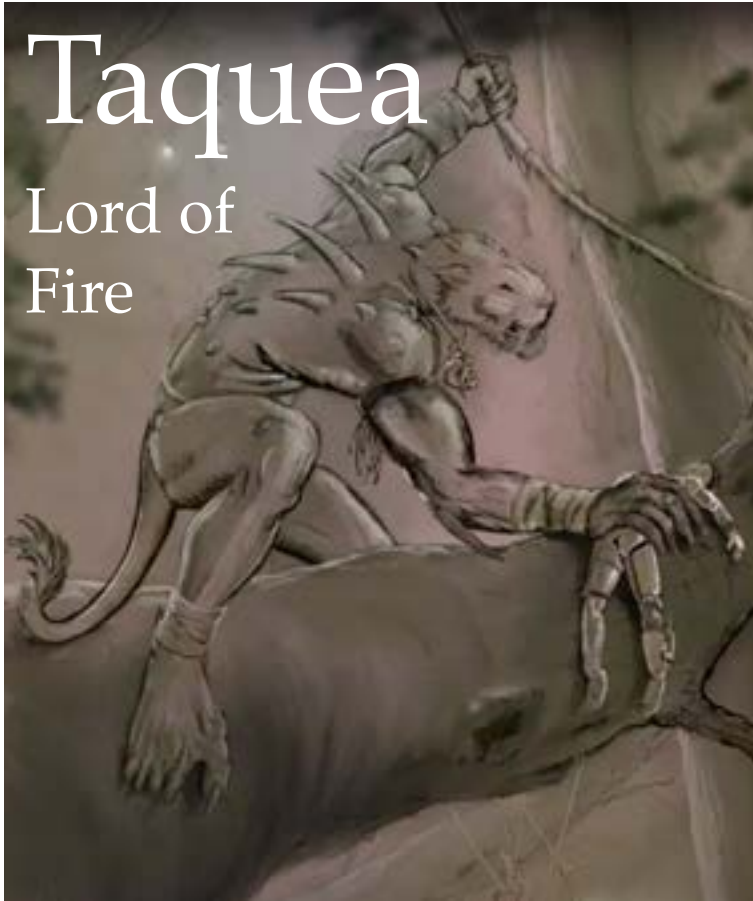

Other characters of “Lilith Down”

“Taquea”, Evil spirit of the Amazon Rain forest that devours the warriors who dare to face it, dressed for the Sacred Fire Ceremony- ZBrush, Maya and Photoshop

One of my first versions of Taquea

Every time some brave warrior approached Taquea's domain, the monster defeated, tormented and devoured him mercilessly, causing the warrior's cries to be heard throughout the jungle and frighten the Shuar and thus prevent new warriors from trying to challenge the evil spirit again ...
