

Time-line for TDC Local Plan to 2033

- Construction of a Garden Village (even without any delay such as recession or other developer difficulties), will not be complete until long AFTER the Local Plan currently being consulted on has expired. Prior to that expiry, TDC will begin the process all over again.
- The build rate figures also make no mention of the delivery of all the infrastructure promised in the above document – road improvements, schools, community facilities, retail units, employment opportunities, 4 lane swimming pool, 4 court sports centre etc..
