*WEDDING TRENDS*

2022 is nearing its end! Here are the 2023 wedding trends that we think will take over the industry:

- Candid photos (No more poses!)
- Petite bouquets (Sometimes less is best!)
- Food trucks for late night bites (Yum!)

## *SONG OF THE MONTH*

---

This month, we're going with an oldie but a goodie! "It's Beginning to Look a Lot Like Christmas" by Michael Bublé is a staple song for the holidays. Whether you are setting the table for Christmas or decorating your tree, turn on your listening device and get into the holiday feels!

This year has had its challenges and victories. Through it all, we've been able to rise above it and have delivered the BEST results.

From early mornings to late nights, we're proud of our work this year. We've grown and learned as a company. Our family has grown larger with every new client.

To our clients: THANK YOU for trusting us with your special event.
