## *WEDDING TIP*

---

One of the biggest concerns wedding couples usually have is food. They fear they won't enjoy the food that they had carefully chosen due to the busyness the day brings. Here's a tip: Ask your banquet captain or catering manager if they can set aside a plate of hors d'oeuvres and to include a to-go box in case you and your spouse didn't finish your main course. You won't miss a thing!

CELEBRATING

21 Years!

22 years ago, Maria asked our Owner and Founder, Anna C. Munguia to be her Maid of Honor, but also, her Wedding Planner!

It was the wedding that started it all! It was Anna's last year at the University of Miami and thought she wanted to be on air as a Sports Reporter.

After the Merlos wedding, Anna's true passion for planning weddings and events awakened. Anna is incredibly grateful to the Merlos for trusting her to plan one of the biggest days of their life! So this month, I want to honor both of them, wishing them a lifetime of happiness filled with God's Faith, Hope, and Love!
