TIP OF THE MONTH

WHY HIRE A PROFESSIONAL EVENT PLANNER?

Choosing to work with a professional event planner or engage an event management company cannot only save you time and money, it can ensure you meet all your key objectives. An event planner will not only handle major aspects of the event but also minor details such as food set up, tablescapes, cake decor, personal favors, florals and much more. They can ensure your event will be nothing short of Pristine!

END OF THE YEAR RECAP

From glamorous birthday parties and beautiful weddings to corporate events big and small, these last few months have been nothing short of exciting! We had a masquerade party to a Parisian quince and everything in between! We thank our clients, vendors and supporting team for making these events a success!
