JANUARY BIRTHSTONE

Every piece of jewelry tells a story. January's birthstone is Garnet. Its dark and rich color represents trust, friendship, and love. The word "Garnet" is derived from Latin granatum, which means "seed," and is called so because of the gemstone's resemblance to the red seeds of the pomegranate.

PRISTINE REVIEWS

"Let me preface this with saying this is NO ordinary wedding planner. This is THE wedding planner. Anna and her team are the absolute best and when I say that I absolutely mean it. Her and her team go above and beyond to make sure your event is exactly how you envisioned it. I cannot say enough good things about her. I have worked with her twice now and its like having a fairy godmother. I hope this review is that deciding factor and you make the amazing conscious decision to work with her. I promise you won't regret it."
