CELEBRATING IN JUNE..

- Summer Starts 06/20
- Fathers Day 06/21

TIP OF THE MONTH

It's safe to assume you've had a variety of potential dream wedding dresses saved to your wedding Pinterest board long before your partner popped the question (zero shame). Wedding dress shopping can be a long process but a beautiful journey. Here are some PRISTINE tips when it comes to finding your perfect dress:

- Give yourself plenty of time! Most dresses require a minimum of 6 months to be made.
- Let the boutique know your price range before trying on dresses.
- Do your research about designers and brands. This will help you when going to different bridal stores that stock the kind of dresses you love and want.
