FEATURE OF THE MONTH

You just got married! The ceremony just ended and the nerves are dying down. What's next? Let's pop a bottle of bubbly and make a champagne tower! A champagne tower consists of stacking coupe champagne glasses into a pyramid and having the newly weds fill the top glass until it overflows into the bottom glasses. This is a fun way to kick off your wedding celebration!

PRISTINE REVIEWS

"Pristine Events makes the impossible, possible! I hired Pristine for my niece's bridal shower. Our guests are STILL talking about how good a time it was! We did a Mamma Mia! theme and my niece had very specific and very non-traditional requests for her shower. Pristine made it happen! The bride-to-be was very happy with the party and the attention to detail was impeccable. I would hire Pristine again and again! I can't wait for our next event! BONUS: Anna and her staff are like family now!"
- Heather C.

SONG OF THE MONTH
