ABOUT US!

Pristine Events of South Florida, Inc.

We want to thank all of those who read our first newsletter last month! As a company who strives to build a relationship with all our clients during our planning and beyond, we wish to share more about what we offer!

Our services include every aspect of event planning and execution, including: initial concept, venue selection and management, tabletop design, custom furniture and accessories, lighting and sound, catering consultation, entertainment and music, floral, photography and videography, rentals, hair and make up and destination planning.

TIP OF THE MONTH

Create a need and want list!

Once you hire us as your planner, one of the most important things you should know is the budget for your event. Most clients do not know what is required for hosting a wedding or party, therefore, creating a need and wants list will give you a breakdown of what is most important for your special day.

Your needs may include a venue, catering, professional planner, guest's list, guest invitations, photographer and DJ. Your wants may be entertainment, candy station, or cigar roller.
