OCTOBER 31 - Halloween

BREAST CANCER AWARENESS

This month, Pristine Events of South Florida commemorate the strength, resilience, and unwavering spirit of breast cancer survivors and victims. Pristine helps celebrate life's precious moments, but it's equally important to remember the difficult moments that shape who we are as well. May this month inspire us to cherish every moment and embrace the love and unity that make life truly special.

WEDDING SIGN-IN

One unique and meaningful idea to consider for your guest book is a Bible sign-in. This can be a beautiful way to incorporate faith and love into your wedding, allowing your guests to leave messages of love, blessings, and well-wishes within the pages of the Bible. Arrange pens in a holder and place a sign nearby encouraging guests to leave a message, blessing, or verse that holds significance for them. After the wedding, display the signed Bible in your home as a reminder of your wedding day and the love and blessings shared by your cherished guests.

MONICA & PHILIP

Pristine Events of South Florida had the privilege in coordinating Monica & Philip's wedding last year. Their journey was long, but worth while. May this milestone be just the beginning of a lifetime filled with love, happiness, and unforgettable memories. Your first year together as a married couple is a beautiful accomplishment, and we wish you many more years of joy ahead. Here's to the love that grows stronger with each passing day!

YOUNG LIVING

When crunchy leaves litter the ground and the weather calls for a woolen cap, it's time for all the spicy aromas. Welcome the brisk breeze and layered attire with a warm, cozy blend, featuring the star players in your oil arsenal: [Northern Lights Black Spruce](#), [Clove](#), and [Marjoram](#). Keep your diffuser running throughout the month to support you as you go for your goals.

PRISTINE TESTIMONY

"Thank you to Anna, Briana and her vendors for making this party such a memorable one. Anna went out of her way to make sure that I had everything the day of the event. All her vendors were punctual and professional. Our guests raved about the decor, food, violinist and the Hora Loca. Everyone really had a great time. Her goal is to make your event "Pristine" and I can assure you she will deliver. Anna is an overall good and hardworking person who always makes you feel your her number#1 client. Her team, specially Briana is a sweetheart and always stays in touch with you to make sure all your needs are met. You will not go wrong with Pristine!"
