

## 4 MONTH VISIT—PARENT

### SAFETY

- Use a rear-facing-only car safety seat in the back seat of all vehicles.
- Never put your baby in the front seat of a vehicle that has a passenger airbag.
- Your baby's safety depends on you. Always wear your lap and shoulder seat belt. Never drive after drinking alcohol or using drugs. Never text or use a cell phone while driving.
- Always put your baby to sleep on her back in her own crib, not in your bed.
  - Your baby should sleep in your room until she is at least 6 months of age.
  - Make sure your baby's crib or sleep surface meets the most recent safety guidelines.
  - Don't put soft objects and loose bedding such as blankets, pillows, bumper pads, and toys in the crib.
- Drop-side cribs should not be used.
- Lower the crib mattress.
- If you choose to use a mesh playpen, get one made after February 28, 2013.
- Prevent tap water burns. Set the water heater so the temperature at the faucet is at or below 120°F /49°C.
- Prevent scalds or burns. Don't drink hot drinks when holding your baby.
- Keep a hand on your baby on any surface from which she might fall and get hurt, such as a changing table, couch, or bed.
- Never leave your baby alone in bathwater, even in a bath seat or ring.
- Keep small objects, small toys, and latex balloons away from your baby.
- Don't use a baby walker.

## WHAT TO EXPECT AT YOUR BABY'S 6 MONTH VISIT

### We will talk about

- Caring for your baby, your family, and yourself
- Teaching and playing with your baby
- Brushing your baby's teeth
- Introducing solid food
- Keeping your baby safe at home, outside, and in the car
