

## 3 YEAR VISIT—PARENT

### SAFETY

- Continue to use a car safety seat that is installed correctly in the back seat. The safest seat is one with a 5-point harness, not a booster seat.
- Prevent choking. Cut food into small pieces.
- Supervise all outdoor play, especially near streets and driveways.
- Never leave your child alone in the car, house, or yard.
- Keep your child within arm's reach when she is near or in water. She should always wear a life jacket when on a boat.
- Teach your child to ask if it is OK to pet a dog or another animal before touching it.
- If it is necessary to keep a gun in your home, store it unloaded and locked with the ammunition locked separately.
- Ask if there are guns in homes where your child plays. If so, make sure they are stored safely.
