

# PEP Hybrid Program

Florida's Personalized Education Program (PEP)—a scholarship administered by **Step Up For Students**—gives families an education savings account to customize their child's learning journey.

**Get approximately \$8,000 per year for K–12 learning**

## Quarterly funding

Funds are deposited into your scholarship account throughout the year.

## Approved expenses

Use funds for eligible educational costs, including tuition at a **PEP Hybrid** private school.

## Family-directed

Parent-directed education with flexibility and support.

## The Hybrid Difference

- **On-campus learning (minimum 2 full days/week)** with our teachers and facilities
- **At-home learning** on the remaining days, guided by your **Student Learning Plan (SLP)**
- **Best of both worlds:** structure + flexibility for your family

**Important:** PEP Hybrid is **not** full-time enrollment. Students remain registered as **PEP (home education)** students with Step Up For Students—not as full-time private school students.

## How to Get Started

Follow these steps to enroll in our PEP Hybrid program.

1. **Apply for the PEP scholarship** through Step Up For Students (EMA).
2. **Withdraw** as a home-ed student with your local school district and apply with SUFS as a PEP Hybrid program.
3. **Contact Admissions** to confirm PEP Hybrid availability, campus-day options, and tuition listed in the EMA Marketplace.
4. **Create your Student Learning Plan (SLP)** in EMA (required annually).
5. **Pay tuition through EMA** after funds are deposited quarterly (paid directly from your scholarship account).
6. **Complete the annual assessment** and upload results to EMA (we'll provide testing scores for you to submit).
