Activity: Water Aerobics

Complaint: We need more clocks in the pool. I have a hearing disability. For timed sprints, the instructor is always facing the shallow end, trying to see through the black and blue flags to the clock. It is difficult for half of the class to hear the directions if the instructor is facing away.

Executive Director

- Attended National Night Out recently.
- When I first started going about four years ago, I would ask people if they had heard about the pool or knew there was a pool in town
- At that time, the answer was almost always no
- This year, the response was completely different.
- Many people said things like "Oh my gosh, yes, I'm there all the time" or "We love the pool."
- It was really great to hear how much awareness and support for the pool has grown.
- We still occasionally hear from people who didn't know there was a pool in town.
- However, we are now starting to hear the opposite more often, which is very encouraging.
- I received a grant to attend the MRSC Finance Boot Camp. This is a training course I've been wanting to attend for some time.
- Our insurance company is providing \$1,000 to support this opportunity.
- \$600 will go toward the cost of the course.
- \$400 will be used for lodging expenses, as I'll be staying in Spokane for five nights.
- The training takes place from September 8th through 12th.
- I'll be back in the office on September 15th.
- I'm really looking forward to this opportunity!
- I received the recommendations back from Puget Sound Energy.
- I reached out to Island Electric owners, who are strong supporters of the pool to see if they're willing to donate some time and review the three recommendations provided by Puget Sound Energy give us their recommendation so the BOC has a better idea on these options.
- Island Electric owners are currently out and should return be back next week.
- I will update you once I've been able to connect with them, but the options are below.

Option 1 – Overhead Transformer at NE Corner (Pink on sketch)

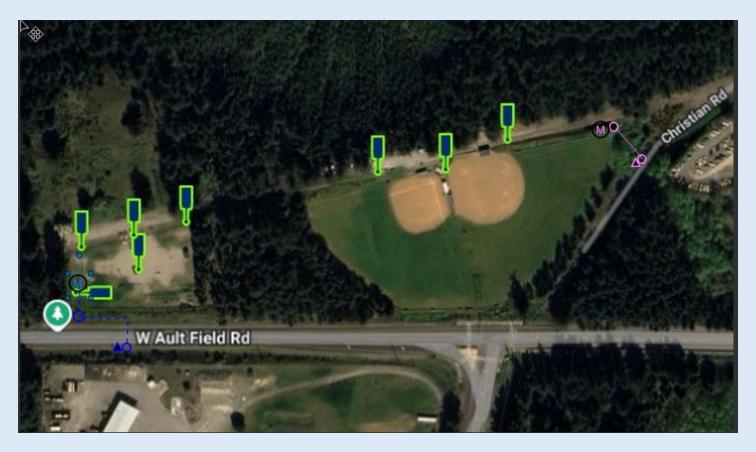

- Place an overhead transformer on a pole at the northeast corner of the property on Christian Road.
- Run an overhead service line to a customer-owned meter pole.
- Electrician would be responsible for sub-feeding each light.
- Estimated cost: \$10,000 to \$15,000.

Option 2 – Overhead Transformer Across Ault Field Road (Blue on sketch)

- Place an overhead transformer on a pole at the southwest corner across Ault Field Road.
- Run an underground secondary service to an underground connection box on your parcel.
- Connect to a remote meter pedestal.
- PSE is responsible for the wire from the transformer to the underground connection box.
- Your electrician is responsible for wiring from the meter to the connection box and sub-feeding to each light.
- Requires a contractor to bore under Ault Field Road to access the transformer pole.
- Estimated cost: \$25,000 to \$30,000.

Option 3 - Underground Primary to Transformer on Parcel

- Similar to Option 2 but run an underground primary line to a transformer placed on your parcel.
- No second connection box is needed if the transformer is on private property.
- Provides more flexibility for any future added electrical load.
- Estimated cost: \$25,000 to \$30,000.

Maintenance Manager

- The Boiler went down, and we had to have Barron replaced one of the motors that kept oxygen to the flame.
- The UV system went down consulted with Island electric and was able to get it running with electricians' advice.

- The chlorinator went down again, and we pulled in WMS to help go over the system. Parts were replaced due to wear. WMS believes that the entire industry has been backwashing improperly and suggested changes in the procedure to increase flow over the filters. Meters were added to monitor this process. The new procedure of backwashing has a greater chance of making the water cloudy, so the time and days of backwashing have been changed to allow maximum closure time after.
- WMS also discovered problems in the chlorinator and CO2 flow control/reporting unit and adjusted and replaced parts. This repair had allowed for more consistent Ph and chlorine levels.
- Working on the handicap door opener traced the problem to mechanical, working on replacement unit.
- The watermain at CV broke between the meter and backflow preventor. Scottie's plumbing repaired the break and reset the BFP box.
- A temporary fix to the suit spinner was made and we are waiting on parts for a permanent fix.
- Repairs to two pool vacuum robots and the handheld unit.
- Repair of several toilets and showers.

Recreation Manager

- Camp Trail Blaze was a huge success! We averaged more campers per week than last year and had wonderful overall feedback from staff and parents.
- NFL Flag Football practices started this week, and the first games are scheduled for August 23rd.
- We have 90 players registered, nearly double what we had last year!
- I am talking with Julie about potentially moving our Open Swim Party to be during our standard facility rental time since we had so many RSVP's. This way we won't be impeding on the number of nonfootball patrons who can attend Open Swim that day.
- We ran into a bit of a hiccup with our Facility Use Request for Flag Football. North Whidbey Soccer Club also made a request in May to use the same field as us on Tuesdays and Thursdays until September 4th. We told the NWMS Secretary about the issue and she was able to cross-check her information with the OHSD secretary. After a closer look, the school district did not enter the NWSC request properly so when the NWMS Secretary entered in our request, no conflicts were shown. As a result, we will be using the field off to the side (not inside the track) for our Tuesday/Thursday practices until September 9th. Coaches were made aware of this adjustment on 8/20/25.
- We are at 40 players for Volleyball so far, registration is set to close August 31st.
- I am working with Julie on next year's budget and looking at what new programs we want to offer and which ones we want to bring back
- Pickleball, Art Classes, a family Track Meet, etc.
- I am working on getting all our facility requests in order for our 2026 Basketball season. My plan is to have registration open on October 1st.

Client Service Specialist Coordinator

- This month I began to transition into my new role as Client Service Specialist Coordinator.
- Successfully launched multiple social media posts with more client interaction and began formal training for social media and marketing.
- I assisted with outreach during the 4th of July by advertising at the booth during the street fair.
- We also attended National Night Out and had all 100 safety bags gone in the first 30 minutes!

Business Manager

- We received notice that Pacific Grace Tax and Accounting will close at the end of the year.
- We have already included the payroll component of Springbrook so we will work with Pacific Grace to transition our payroll processing when they close.
- Pacific Grace will still provide W-2s to our staff for the year 2025.
- Currently working with Springbrook to ensure accurate GL codes as we set up the chart of accounts in their system.
- I understand this is the last component before we move to the next phase in the implementation.
- We will have staff attend multiple back-to-school events to promote District programs over the next few weeks.
- There have been a few errors in recent social media posts.
- To ensure accuracy and consistency in what we are putting out, I have spoken with staff and will be ensuring I do a final review of social media, printed material and marketing emails before they are public facing.
- We will also be meeting to go over an updated marketing plan for the fall.
- The Tuesday/Thursday evening water aerobics classes have performed very well over the summer with 29 participants on one evening!
- Our fall schedule starts on September 2nd.
- One notable change from last year is OHE lessons will move to the morning alongside lap swim.
- We do not know which month they intend to start lessons currently.
- The other notable change is the addition of the Wednesday 8:00am water aerobics class.

9.a. New Business Item: Refund Budget Adjustment

Meeting Date: August 28, 2025 Presented By: Julie Millang

This season, we encountered a few uncommon situations that led to a higher-than-usual total in customer refunds. Below are a breakdown of the key issues and the need for budget adjustment:

- Whidbey Ren Faire purchased shower passes for staff and volunteers.
- Due to the late timing, they didn't have a system to distribute the passes.
- Many individuals paid for showers out of pocket instead of using the pre-paid passes.
- The Faire requested a partial refund for unused passes.
- \$200 will remain in their account as credit for next year.

JW

- A day camp parent paid in full for multiple sessions.
- Their plans changed, and they no longer needed all sessions.
- We issued a refund for the canceled sessions.
- These refunds, combined with typical annual refunds, pushed this year's total above our usual range.
- A budget adjustment is needed to reflect the increased refund amount.
- The total of these two refunds is \$2,577.

BL

BK

- The current budget for the expense line item for refunds is \$6,000.
- Increasing the amount by \$2,500 will ensure we are able to continue processing refunds in a timely manner for patrons, without exceeding the budgeted amount.

Recommended Motion: I move to increase the expense line item for refunds to \$8500.

9.c. New Business Item: Employee of the Month

Meeting Date: August 28, 2025 Presented By: Mitch Cochran

John was such a wonderful (re)addition to our team this summer! As our Day Camp Manager, he showed exceptional dependability, dedication, and enthusiasm. Each day he arrived ready to give the kids the best camp experiences possible, and his background in the classroom, combined with his passion for helping kids reach their full potential, was evident in everything he did. John not only led the campers with energy and care but also guided and supported the Day Camp leaders, setting a strong example of leadership. His hard work and positive impact on both staff and campers make him truly deserving of Employee of the Month.

2. SERVICE CONTRACT ACT (SCA): The McNamara-O'Hara Service Contract Act (SCA) covers contracts entered into by federal and District of Columbia agencies that have as their principal purpose furnishing services in the U.S. through the use of "service employees." The definition of "service employee" includes any employee engaged in performing services on a covered contract other than a bona fide executive, administrative, or professional employee who meets the exemption criteria set forth in 29 CFR Part 541. The Act requires contractors and subcontractors performing services on prime contracts in excess of \$2,500 to pay service employees in various classes no less than the wage rates and fringe benefits found prevailing in the locality, or the rates (including prospective increases) contained in a predecessor contractor's collective bargaining agreement. The Department of Labor issues wage determinations on a contract-by-contract basis in response to specific requests from contracting agencies. These determinations are incorporated into the contract. For contracts equal to or less than \$2,500, contractors are required to pay the federal minimum wage as provided in Section 6(a)(1) of the Fair Labor Standards Act. For prime contracts in excess of \$100,000, contractors and subcontractors must also, under the provisions of the Contract Work Hours and Safety Standards Act, as amended, pay laborers and mechanics, including guards and watchmen, at least one and one-half times their regular rate of pay for all hours worked over 40 in a workweek. The overtime provisions of the Fair Labor Standards Act may also apply to SCA-covered contracts. A complete copy of the Act to include applicable laws and regulations and additional information is available from:
