APPLICANTS ARE STRONGLY ENCOURAGED TO READ THE ENTIRE SOLICITATION

INSTRUCTIONS TO CONTRACTORS:

1. PRE-OFFER CONFERENCE, ADA ACCOMMODATIONS. The date, time, and location of any pre-offer conference are indicated on the preceding Invitation for Quotations (the "Solicitation") face sheet. The purpose of this conference will be to clarify the contents of this solicitation in order to prevent any misunderstanding of the District's position. To maximize the effectiveness of the conference, Contractors are encouraged to submit questions in writing to the attention of the District Director prior to the conference date. Any doubt as to the requirements of this solicitation or any apparent omission or discrepancy should be presented to the District at this conference. The District will then determine if any responsive action is necessary and may issue a written amendment to the Solicitation. Oral statements or instructions will not constitute an amendment to this Solicitation. Requests for reasonable accommodation to attend at a pre-offer conference should be directed to the District Director as early as possible to allow time to make appropriate arrangements.
2. DUE DATE AND TIME. All offers must be received by the District at the specified location by the due date and time identified on the Solicitation face sheet. Offers, modifications, and withdrawals received after the submission due date and time will be rejected and not opened.
3. QUESTIONS, ORAL COMMUNICATIONS. Questions concerning this solicitation shall be submitted in writing via email only to the District Director. The Contractor shall not contact or ask questions of other District staff or the District department for which the requirement is being procured. Contractors that directly communicate with other District staff regarding this solicitation without prior authorization from the District Director may be disqualified. Written questions will be accepted until the date and time identified on the Solicitation face sheet. Any correspondence related to this solicitation should refer to the solicitation number, page, and paragraph number. Contractors may only rely on written answers issued by the District Director. All oral communications are unofficial and nonbinding on the District. Substantive questions and answers are posted on the District website. It is the responsibility of the Contractor to assure they received responses to questions if any are issued.
4. EXAMINATION OF DOCUMENTS. It is the responsibility of the Contractor to carefully review the entire solicitation package, which includes, without limitation, specifications, requirements, terms and conditions, and insurance requirements. Submitting an offer is an agreement by the Contractor to all terms and conditions contained in the Solicitation. The Contractor should seek written clarification from the District Director regarding anything that is unclear prior to submitting an offer. Contractors must a) consider federal, state, and local laws, ordinances, rules, and regulations that may in any manner affect the cost or performance of the work; b) study and carefully correlate the Contractor's observations with the Solicitation documents; and c) notify the District Director of all conflicts, errors, and discrepancies, if any, in the Solicitation documents. Failure to request clarification of any inadequacy, omission, or conflict will not relieve the Contractor of any responsibilities under this Solicitation or any subsequent contract. The Contractor, by delivering an offer in response to this Solicitation, agrees that they shall be held responsible for having familiarized themselves with the nature and extent of any local conditions that may affect the work to be performed, services to be provided, and the equipment to be furnished.

5. ACCEPTING CONTENT OF SOLICITATION. By submitting an offer in response to this Solicitation, the Contractor certifies they have fully read and understands the content of the Solicitation documents and have a full knowledge of the scope, nature, and detailed requirements of services and/or equipment to be provided and performed.
6. LIABILITY FOR ERRORS. While the District has used considerable efforts to ensure the information in the Solicitation is accurate, the District does not guarantee or warrant the information to be accurate, nor is it necessarily comprehensive or exhaustive. Nothing in this Solicitation is intended to relieve the Contractor from forming their own opinions and conclusions with respect to the matters addressed in the Solicitation and to communicate those opinions and conclusions to the District.
7. PREPARATION OF OFFER, COSTS, AND TAXES. All offers shall be submitted on the forms provided in the Solicitation package. Offers shall include all costs. The District is exempt from Federal Excise Tax, including the Federal Transportation Tax. Sales tax, if any, shall be indicated as a separate line item. All prices shall include freight FOB destination and freight included to the designated delivery point. Additional charges, such as fuel surcharges, will not be accepted by the District. If the delivery combines items from more than one purchase order, separate packing slips shall be included in the shipment.

The District may reject an unsigned offer as incomplete. Pricing documents and other documents which require information to be filled in must be completed in ink, typewritten, or computer printed. No offers will be accepted if a pencil is used. Erasures, interlineations, or other modifications in the offer shall be initialed in original blue ink by the authorized person signing the offer. 13. PREPARATION COSTS AND SAMPLES. The District is not liable for any costs incurred by the Contractor in preparing, evaluating, submitting, developing, demonstrating, presenting, negotiating, or providing a response to this solicitation or samples provided. Contractors responding to the solicitation, demonstrations, and interviews do so solely at their own expense. Offers submitted for consideration should be prepared simply and economically, providing adequate information in a straightforward and concise manner.
14. DISTRICT RIGHT TO WITHDRAW OR AMEND SOLICITATION. The District, in its sole discretion, retains the absolute right without penalty to withdraw and/or amend all or any portion of this Solicitation at any time, for any reason, and no reason, up to contract execution. If there is any conflict between amendments, or between an amendment and the solicitation documents, whichever document was issued last in time shall be controlling. Any change to or interpretation of the Solicitation will be posted on the District website and will be incorporated into any contract awarded. It is the responsibility of the Contractor to check for addenda.
15. REJECTION OF OFFERS OR WAIVER OF IRREGULARITIES. All offers will be reviewed by the District Director to determine compliance with administrative requirements and instructions. To the extent authorized by applicable law, the District in its sole discretion may 1) reject any and all offers submitted, or portions thereof, 2) waive any defects, informalities, or irregularities; 3) reissue the solicitation; 4) modify or cancel the solicitation; and/or 4) re-advertise and solicit new offers on the same scope of work or on a modified scope of work when it is in the best interests of, or advantageous to, the District. The District reserves the right to reject any conditional offer. Offer will be considered irregular and may be rejected if they show alterations in form, additions not called for, conditions or unauthorized alterations, or irregularities of any kind.
16. NON-RESPONSIVE OFFERS. The District may at any time reject all or any part of any offer as non-responsive for any of the following reasons: 1) late or incomplete offer; 2)

submission of exceptions to the solicitation; 3) noncompliance with any part of the solicitation; 4) providing inaccurate, misleading, exaggerated, or false information; or 5) failure to respond to every solicitation item or to provide all information requested.

17. OFFER IS NOT BINDING. Acceptance of an offer submission does not bind the District until the offer is reviewed and accepted by the appropriate District level of authority, and both parties execute a contract.
18. CONTRACTOR WITHDRAWAL OF OFFERS. Contractors may modify or withdraw a submitted offer prior to the Submission Deadline. A request to modify or withdraw an offer must be ***in writing***, signed by an authorized representative of the Contractor, and submitted to the District Director. Faxed withdrawals will NOT be accepted. A withdrawn offer may be resubmitted prior to the Submission Deadline. Negligence in preparing an offer confers no right of withdrawal or modification after the Submission Deadline.
19. NON-EXCLUSIVE CONTRACT. The District retains the discretion to make multiple or partial awards to obtain the same or similar services and/or products that are the subject of this solicitation, and/or to order greater or fewer products or quantities based on District needs. Contracts resulting from this solicitation are not exclusive service agreements.
20. LICENSES AND CERTIFICATIONS. Contractors, both corporate and individual, must be fully licensed and certified (in good standing) for the type of work to be performed in Washington state at the time of offer and during the entire contract period.
21. SERIAL NUMBERS. Where applicable, offers shall be for equipment on which the original manufacturer's serial number, if applicable, has not been altered in any way. Throughout the contract term, the District reserves the right to reject any altered equipment.
22. BRAND NAMES AND EQUIVALENTS. References to manufacturers, trade names, brand names, or catalog numbers in the Solicitation are intended to be descriptive, but not restrictive unless otherwise stated, and are intended to indicate the level of quality, design, or performance desired. Any offer which proposes equal or greater quality, design, or performance may be considered. Offers based on equivalent products must clearly describe the alternatives offered and indicate how it differs from the product specified in the Solicitation, and include complete and sufficient descriptive literature and/or specifications to enable a full and fair determination as to whether the proposed alternative will be equal to or better than the product named in the solicitation. The District has the sole authority to accept or reject any like item and may require the Contractor to provide additional information and/or samples. If the Contractor does not specify otherwise, it is understood that the brand referenced in the Solicitation will be supplied.
23. SPECIFICATIONS. The apparent silence in this Solicitation of a specification as to any detail, or the apparent omission from a specification of a detailed description concerning any point, shall be regarded as meaning that only the best commercial practice is to prevail and that only material and workmanship of the finest quality are to be used. All interpretations of the specifications made herein shall be made on the basis of this statement.

24. DEVIATIONS OR EXCEPTIONS. For the purpose of evaluation, the Contractor must indicate any variance, exceptions and/or corrections to be made to any provision in this Solicitation, no matter how slight. Such deviations should be explained in detail. All such deviations requested by the Contractor shall be identified on the Exceptions Form (Appendix B). Absence of such deviations will be interpreted to mean the Contractor meets all specifications contained herein in every respect. Deviations not identified are waived. The District will reject offers that take material exception to District specifications and contracts.
25. DESCRIPTIVE LITERATURE. All offers shall include complete manufacturer's descriptive literature regarding the equipment and goods or the services the Contractor proposes to furnish. Literature shall be sufficient in detail in order to allow full and fair evaluation of the offer submitted. Failure to include this information may result in the offer being rejected.
26. TEST MODELS/SAMPLES. When proposed, the District may request any or all Contractors provide a test model of the product(s) offered on a no-charge basis. The performance, characteristics, and components of the model(s) submitted for inspection and testing shall be considered a representative model of the product(s) offered and intended for delivery. Any product tested and found not capable of meeting the requirements of the solicitation specifications will not be considered for a contract award. At the conclusion of the testing, the Contractor may retrieve the product, if practical. The District is not responsible for any damages that may occur to any products supplied for testing.
27. WARRANTY. The Contractor warrants all materials and workmanship delivered under any resulting contract to be free from defects, damage or failure which the District may reasonably determine is the responsibility of the Contractor, for a minimum of 90-days after final acceptance and without cost to the District for labor, materials, parts, installation or any other costs except where longer periods of warranty of guarantees are specified.
28. COLLUSION. By signing the Acknowledgment Form (Appendix A), the Contractor certifies they have not directly or indirectly entered into any agreement, participated in any collusion, or taken any action in restraint of free competitive bidding. If the District determines in its sole discretion that collusion has occurred, none of the offers from the participants of such collusion will be considered. The District's determination will be final.
29. CONFLICT OF INTEREST. Contractor shall disclose whether the Contractor is an immediate family member of, or engaged in any business enterprise with, a District employee, elected or appointed official with authority to make an Award under this Solicitation. Such disclosure shall be prominently identified in writing together with the offer.
30. GRATUITIES AND KICKBACKS. By signing the Acknowledgment Form (Appendix A), the Contractor certifies that neither the Contractor nor any employee has solicited, accepted, offered, or given, or agreed to solicit, accept, offer, or give, any gratuity, service, or reward, including an offer of employment, with the purpose of or in a manner that would influence any decision, approval, disapproval, recommendation, or preparation of any part of a program requirement or purchase request, to influence the content of any specification or procurement standard, or to influence any investigation,

audit, proceeding or application, request for ruling, determination on a claim or controversy, or other matter.

31. PUBLIC RECORDS, CONFIDENTIAL INFORMATION. All offers received by the District become the property of the District and are not returned. Offers submitted in response to this solicitation are public records as defined by the Public Records Act (Act), Chapter 42.56 RCW, and available for public inspection and copying. If a Contractor considers any portion of its offer, electronic or hard copy, to be protected from disclosure under Washington law, the Contractor shall specifically identify all information it claims to be confidential or proprietary by clearly marking each page and item accordingly. If the District receives a request under the Act to inspect or copy the information that has been identified by the Contractor as confidential/proprietary and the District determines that release of the information is required by the Act or otherwise appropriate, the District's sole obligation will be to make a reasonable effort to notify the Contractor of the request and the date that the confidential/proprietary information will be released to the requestor unless the Contractor obtains a court order to enjoin disclosure pursuant to RCW 42.56.540. If the Contractor fails to timely obtain a court order enjoining disclosure, the District will release the requested information on the date specified. The District has, and by this section assumes, no obligation on behalf of the Contractor to claim any exemption from disclosure under the Act. The District will not be liable to the Contractor for releasing records, even if the records have been marked by the Contractor as confidential and/or proprietary, in compliance with the Act, this section, or court order.
32. INTERLOCAL PURCHASING AGREEMENTS. This is for information only and not to determine the award. RCW 39.34 allows cooperative purchasing between public agencies, nonprofits, and political subdivisions. Public agencies that file an Intergovernmental Cooperative Purchasing Agreement with the District may purchase from District contracts. The Contractor agrees to sell additional items at the bid prices, terms, and conditions, to other eligible governmental agencies. The District has no responsibility for the payment of such purchases. Should the Contractor impose additional costs for such purchases, the Contractor is to name such additional pricing as a supplement to their offer.
33. DISCUSSIONS. The District reserves the right to conduct discussions with Contractors for the purpose of eliminating minor irregularities, informalities, or apparent clerical mistakes in the submittal in order to clarify an offer and assure full understanding of, and responsiveness to, the solicitation requirements.
34. PERSONNEL. It is essential the Contractor provide adequate experienced personnel capable of and devoted to the successful accomplishment of the work to be performed in this Solicitation. The Contractor agrees that those persons identified in their submittal shall not be removed or replaced without a written request to and approval from the District.
35. INTERVIEWS. The District reserves the right to conduct interviews with some or all of the Contractors at any point during the evaluation process. However, the District may determine that interviews are not necessary. In the event interviews are conducted, the information provided during the interview process shall be taken into consideration when evaluating the stated criteria. The District shall not reimburse the Contractor for the costs associated with the interview process.

36. PROTESTS. Protests of this Solicitation must be filed with the District Director within five (5) days of the first advertising of the Solicitation. Protests of an Award made hereunder must be filed with the District Director within ten (10) days of the issue date of the Notice of Award or Notice of Intent to Negotiate and Award. In order to be considered, a protest shall be in writing, addressed to the District Director at the address set forth herein, and include (1) The name, address, and telephone number of the Contractor protesting, or the authorized representative of the Contractor; (2) The signature of the protesting Contractor or its representative; (3) The solicitation number and title under which the protest is submitted; (4) A detailed statement of the legal or factual grounds of the protest including any supporting documentation; and (5) The specific ruling or relief requested.
