Comment Cards

1. "Card readers are inexpensive and available online. It would be much more efficient when it is busy."

Previously, we had a card reader that served us well until we transitioned to Civic Rec, which requires a specific type of reader. At that time, Julie indicated her intent to purchase the necessary reader contingent upon the approval of the new levy.

2. "Please add shower curtains. Also. Maybe have ladies be aware and cautious around kids in the locker room. My kids do not need naked women getting close and invading their space. They need to be family friendly and child safe." - TisaLaea Martin.

I recently spoke with one of our swim instructors regarding the incident that facilitated the comment card. She informed me that several showers are not functioning properly, which has led to increased crowding during busy summer months. This situation can create discomfort, particularly for children, as it may lead to instances where adults are in proximity without clothing while showering.

Additionally, the parent mentioned an incident where a patron inadvertently contacted a child while reaching for a dropped item. To gather further insights, I also consulted with the aerobics instructor, who utilizes the locker room during this same time. She confirmed that the space can become quite congested, especially during class changes, which exacerbates the issue.

At this time, we will not be installing shower curtains, as we plan to renovate the shower facilities. During this process, we will explore the option of adding concrete tiled partitions to enhance privacy and manage space more effectively.

We have made our staff shower available to the patron and let them know they can use the deck shower.

I have asked the instructor to observe the situation and, if appropriate, address any issues directly with the aerobics group or escalate them to management.

The instructor also noted that frequent shower malfunctions may be attributed to unsupervised children who tend to push the buttons repeatedly, even when not necessary.

3. "Coach Sammy is the best. She is so calm and understanding that my children are making such amazing progress." Melissa Stone

Executive Director

INFL Flag Football has wrapped up, and volleyball is now underway. We're offering a clinic-style program, featuring weekly group lessons and Saturday games, with 35 kids registered. Basketball Registration opened October 1st, and we currently have 56 kids registered.

Discussions with the School District Superintendent are ongoing; their attorney is still revising the ILA to ensure equitable facility usage.

I RSVP for Commissioner Guy and myself for the Oak Harbor School District Groundbreaking ceremonies.

The October 4th Open House kicked off a series of interactive events to share our offering with the community. Sunday, October 13th, was Clover Valley Day where we shared information with visitors to the dog park, set up kids crafts, and had a fun pumpkin hunt around the park. Wednesday, October 16th, was our Water Exercise Focus Day where we visited with water aerobics patrons about facility operations. Our next event is the Sports Day scheduled for Saturday, October 19th; due to the weather forecast we are changing gears and turning this into a fun indoor activity time with games, crafts, and treats. The final event for the month will be our Rubber Ducky Open Swim during our Wednesday night Open Swim on October 30th; patrons who find a ducky in its Halloween costume will be able to exchange it for a prize, we will also have crafts and treats for attendees.

I will be meeting with Big Brothers Big Sisters next week. They are interested in purchasing open swim punch cards for their families. We will explore options with them to ensure a smooth process for them and their families.

8.a. Item: Program Committee

Meeting Date: 10.24.2024

Presented By: Jay Cochran

Our attorney had some questions for our insurance company and the Department of Labor and Industries, which we provided. The responses from the insurance company reference our memorandum of coverage, which our attorney then wanted to review, and is currently in that process.

If I receive the contract before our upcoming meeting, I will distribute it to everyone for review. We can then decide whether to add it to the agenda for further discussion.

8.b. Item: Levy Committee

Presented By: Jay Cochran

All mailers have been successfully sent out, and you should receive yours by this weekend. If you haven't received it, please provide your address so I can check the delivery route and notify the post office.

We utilize a service where mailers are dropped off one day and dispatched the following day, which is especially critical during ballot initiatives and campaigns.

The overall cost for this project came to approximately \$6,000, which was slightly higher than anticipated. The number of residents increased from 17,481 to over 18,000, likely due to new residents moving into the area. This is common and is a positive development, as it allows us to reach more people.

At the recent Chamber luncheon, where I distributed the mailers during the candidate forum, I received positive feedback regarding the mailers. Representative Shavers, Representative Dave Paul, and Commissioner St. Clair were all in attendance and expressed their strong support for the levy and the work we are doing.

I also heard encouraging comments from others, indicating they had read the mailer. One gentleman specifically mentioned his appreciation for our accountability in fulfilling our promises from the last levy. It was gratifying to hear such positive reactions, especially since I had not realized the mailers had started reaching households, as I had not yet received mine.

Commissioner Larsen and I attended the Rotary luncheon and delivered a presentation that received a lot of positive feedback. I shared insights on how investing in recreation serves as a preventive measure against crime-related activities. Several attendees approached me afterward to express their appreciation for this perspective, indicating that they found it to be a compelling argument.

Although the event was small, I valued the constructive feedback and the engaging discussions that followed. Thank you for the opportunity to share this important message!

Section 6.2

The foregoing bylaws of the North Whidbey Pool, Park, and Recreation District, consisting of six Articles, have been amended, adopted, and approved by the majority vote of the Board on October 2, 2024, and shall supersede all past bylaws of the District.

Business and Standing Rules

of the

North Whidbey Pool Park and Recreation District

The rules herein were approved by a majority vote of the Board of Commissioners (BoC), North Whidbey Pool, Park, and Recreation District. The rules are binding among the BoC and staff doing business with BoC. This document shall be maintained by the Board Secretary or their designee and updated with relevant information and rules directed by the BoC.

Definitions

Service: something that by nature is available to every patron who participates in North Whidbey Pool Park and Recreation events and within facilities. Services are property tax levy funded. They come at no additional front desk cost. Services include facilities maintenance and upkeep, administrative staff, basic pool management chemicals, supplemental funding for youth programs, electricity and other utilities, lawn maintenance, and site improvements.

Program: a publicly available amenity that is paid for through front desk revenue (retail). Some examples of programs are swim lessons, aerobics, volleyball, open swim, basketball, and other organized activities that require equipment, officials, certified staff presence, and facilities use fees.

Supplemented Program: a program like the programs listed above, but typically discounted either through supplemental funding listed under services or discounted based on the assumption of long-term guaranteed revenue (such as an ILA which extends multiple years) which may include partnerships with other government and nongovernment organizations to use facilities and/or staff to expand access to their patrons. Supplemented programs are not free, they are discounted.

Activity: an event that occurs under the recreation program that has either no additional staff costs (besides recreation coordinator) and/or is partnered with outside government and non-government organizations and has little to no expected revenue or expense and is not expected to generate a profit.

General BoC Rules

All members shall attend at least 10 regular meetings and should advise the Chair if they are not expecting to be in attendance. Additionally, board members are encouraged to attend at least 2 district activities annually to help foster relationships with community members and to remain engaged with the district.

In open forum among the public or junior staff, when conducting business, the BoC and Staff will maintain a professional relationship and control emotions in conversation.

To maintain a respectful environment and decorum, commissioners will be addressed as "Commissioner *last name*." The Executive Director will be addressed as "Director *last name*." Other staff and members of the public will be addressed appropriately in a manner they prefer according to the established working relationships.

Personal character attacks are never acceptable. BoC and senior staff, regardless of tenure or hierarchy, shall immediately intervene if personal attacks occur and control the situation. Respectful dialogue is required to further any initiatives. All BoC members and staff shall be given a reasonable opportunity to present their points of view without interruption before any action. In general, comments should be limited to 3 minutes or less, rebuttals should be limited to 1 minute, and only address and offer new information.

Respectful professional criticism, feedback, and discipline should be offered/presented in a private or semi-private forum. It shall never occur in an open forum or in the presence of junior staff or the public.

Commissioners shall never task, criticize, or discipline staff other than the Executive Director. The Executive Director should be notified of the need for discipline of their employees. Commissioners are encouraged to engage staff in other non-supervisory ways and may request feedback from staff; such as "How's your day? How is the new policy working out? Do you have any recommendations you'd like me to take to the board?"

While attending meetings, the BoC and staff will represent the district professionally. While no dress code is agreed upon, participants should dress the way they wish to represent themselves and the organization.

Public meetings require much concentration, and decisions greatly impact patrons and taxpayers. Members and staff should be prepared, rested, alert, and not intoxicated during all official meetings. Failure to prepare or inattentiveness is disrespectful to the time of other members, staff and the public.

Budget Committee Rules

Bylaws Committee Rules

Program Committee Rules

Proposals

When a proposal for a new program or supplemented program is presented to the board for approval, the Executive Director and/or their designee shall evaluate it. It will use the adopted cost/revenue formula as of the request date. Startup expenses and equipment will be considered separately from the operating expenses and expected revenue. Equipment purchases may be logged as minor assets for balance sheet purposes. The first session of a new program will not include a markup to give programs a better chance at success with a lower expected attendance. Entry costs will be determined using expected attendance at second and subsequent sessions.

Evaluation of program success

Each program will be reviewed after two sessions for seasonal programs or after 1 year for year-round programs to ensure that the cost model used during approval is meeting expectations. At that time the program committee shall recommend one of the following actions to the BOC: approve continuance, recommend modification, table for 1 additional session or 6 months for year-round programs for further evaluation or end unsuccessful programs.

9.a. Item: Masters Swim Team

Meeting Date: 10.24.2024

Presented By: Julie Millang

The masters swim team is officially registered with US Masters through the end of 2025. The team's name is the Whidbey Wahoos. Marketing material will be updated to include the team's name and master's logo. We will also put a link on our website to direct users to the US Masters page for registration.

9.b. Item: Pricing Structure Update

Presented By: Julie Millang

Using the item categorization worksheets as completed during the special meeting on Monday, October 14th, the original 2024 budget, and the planned operating hours for 2024, I calculated the administrative/lane fee as follows:

\$27.23/hr. based on six lanes

\$20.42/hr. based on eight lanes (this counts the hot tub and training pool as lanes)

We have used both six and eight lanes both for calculations previously; this has depended on if it was for a full facility rental or a program sharing space with other programs/activities. Moving forward, it would be helpful to have a consistent determination on using six or eight lanes for this calculation.

Excluding expenses that will pass directly to specific programs (ie basketball, day camp), the user funded total is approximately \$734,000 and the levy funded amount is approximately \$845,000.

9.c. Item: COLA and Longevity Pay Increases

Meeting Date: 10.24.2024
Presented By: Julie Millang

Minimum wage in Washington state will increase to \$16.66/hr. on January 1, 2025, a 2.33% increase. We plan to mirror this increase for staff. This will adjust staff wages who have already received raises to keep their wages fair, competitive, and equitable.

Pending board approval, the employee handbook permits longevity pay increases for staff on their odd anniversary years, starting with their first year of employment.

RECOMMENDED MOTIONS

This section is for staff use

I move to approve the Cost-of-Living Adjustment for the current part-time job and exempt staff for 2024 at the rate of 2.33%.

I move to approve a 3% longevity raise for staff who qualify based on their anniversary date with the District.
