

## Funding Bid for Housing Need

### Introduction

In the vibrant yet challenging landscape of London, Hertfordshire, and Essex, the shadows of homelessness loom ever large. The crisis grows as families and individuals face the devastating reality of losing their homes, thrusting them into an uncertain future. At Housing Need, our mission is to provide information, guidance, and robust support to those at risk, ensuring that we do everything in our power to prevent homelessness and secure temporary accommodation for those in need. We urgently seek your support to expand our reach and resources to combat this ongoing human crisis.

### The Challenge

Every day, we witness the harrowing reality of homelessness. Many hundreds of people in our communities are at risk of losing their homes. The statistics underscore a growing urgency: families with children, individuals battling mental health issues, and vulnerable people escaping precarious living conditions. There are too many families without stable housing; the number of empty homes across South East England stands at an alarming rate. These homes, if utilized appropriately, could be the very solution needed to the homelessness crisis we face.

### Our Vision

Housing Need aims to reconnect individuals with a secure home environment, providing them not only with shelter but also with the foundation they require to rebuild their lives. A stable home is a fundamental right and a stepping stone to fostering hope, empowerment, and self-sufficiency. We believe in the power of community and collective responsibility, and we aspire to create a supportive network that brings together partners willing to make a difference—whether through property donations, financial support, or volunteering their time.

### Actionable Steps

To combat the homelessness crisis, we have a carefully constructed plan that focuses on two pivotal actions: the effective use of empty properties and the provision of direct support services to families and individuals at risk of homelessness.

1. **Utilising Empty Homes:** Our strategy involves identifying empty properties and connecting them with those in need. We aim to awaken the potential of these buildings, transforming them from liabilities into homes. Each contribution of a property, regardless of condition, can provide security and stability for those who need it most. We specifically focus on facilitating the hierarchy of need, prioritizing families who find themselves without shelter.
2. **Support Services:** The work we do extends beyond the mere provision of homes. We aim to provide ongoing support to ensure that once individuals or families are settled, they have the resources necessary to thrive. This includes guidance in areas such as employment, financial management, and social integration.

### Budgetary Needs

In order to continue our vital work and expand our services, we respectfully request financial support. A contribution of £500 would significantly bolster our operational capabilities. Here's a brief breakdown of where your support would go:

- **Website Management and Marketing:** £200 This funding would enable us to maintain a professional online presence to raise awareness about our cause, engage potential donors, and advertise available properties.
- **Operational Expenses:** £150 This funding is crucial for day-to-day expenses, ensuring we can continue to provide support without interruption.

- **Advertising for Homes and Donations:** £300 Effective advertising will help us reach more property owners and engage with those looking to support our mission, increasing our capacity to help those in need.

### **The Call to Action**

As we await our charity status, our dedicated volunteers have poured their time, money, and effort into this mission with unwavering commitment. We humbly request that you join us in our fight against homelessness. Your financial or property donations can catalyse profound change in the lives of so many. By aligning our resources with your generosity, we can truly create an avenue for hope and opportunity, reducing the burden on local councils and enhancing the stability of our community.

### **Conclusion**

Imagine a world where everyone has a place to call home; this dream can become a reality with your support. Housing Need's vision is to turn the sorrow of homelessness into a story of recovery and success. Together, we can show how a person or family can be secure, off the streets, and contributing positively to our society. Join us in making a lasting impact. Thank you for considering our bid and for your commitment to this vital cause.
