### **Basic Description of the Test**

To successfully pass an ORT a dog must identify the location of the target odor and the handler must correctly call an “alert” within a three-minute time period. The Odor Recognition Test consists of a drill type exercise which requires 12 closed boxes typically set up in a pattern of two rows, spaced a minimum of 48” apart. The ORT is conducted on leash. Complete information can be obtained on the NACSW website. Handlers may test on all 3 odors at the same event.

*All exhibitors should obtain and review a copy of the **NACSW K9 NOSE WORK® RULE BOOK**. You may get it from their website: [www.NACSW.net](http://www.NACSW.net)*

**No dog will be given more than one space in the same odor test at a single event.**

## **LOCATION DETAILS**

### **ADA Site Specific Conditions**

This event location is a fire station banquet hall. The parking lot and pathways are asphalt and cement. There is handicap parking close to the building. It is not a long walk from the parking lot to the building. The hall floor is linoleum.

***Due to unforeseen conditions, such as weather or change in availability of areas at the location, these conditions may be modified at the last minute.***

Modeled after real-life detection work, NACSW events are held in many different locations, with a variety of terrain, under varying weather conditions. Dogs and handlers need to be able to safely negotiate a variety of surfaces, including, but not limited to, tile, linoleum, carpeting, gravel, asphalt, uneven surfaces, and slippery footing. Handlers should be prepared to deal with a variety of weather conditions, including heat, cold, rain and snow. Events frequently require covering extensive distances to get to and from the parking area to each of the search areas and generally require that this be done across natural, uneven surfaces. Handlers should be prepared for the physical demands and must be able to navigate the terrain with their dog accordingly. Handlers should expect to spend most of the day outside or in their vehicles as there are rarely indoor crating options at events. Please be prepared for you and your canine partner to deal with all of these varying environmental challenges. Handlers should familiarize themselves with potential regional risks and health concerns that may affect themselves or their dogs. Handlers agree that they are entering this event at their own risk.

**Due to unforeseen conditions, such as weather or change in availability of areas at the location, the details below may need to be modified at the last minute.**

### **Parking**

The parking lot is paved with limited shade available depending on the time of day.

### **RV Parking**

There is space for RVs to park in the handlers parking area during the event day.

### **Running Vehicles or Generators in the parking lot**

Running your vehicles or generators in the parking lot is allowed at this event as long as you have permission from your neighbors or are willing to park away from others.

### **Reactive Dog Parking**

There will be reactive dog parking at this event for those who wish to park in this area. There will not be separate potty areas or warm up boxes.

### **Unentered Dogs**

Unentered dogs must remain in the handler's vehicle during the event day. There will be ample potty areas, but unentered dogs should not be allowed to "play", exercise, or train on the event grounds.

### **Facility/Site Prohibitive Restrictions (e.g., smoking, firearms, alcohol, drugs, video)**

Smoking is allowed on this event site but only in designated smoking areas

### **Hotels**

Information on area hotels and directions will be provided with entry confirmations.

## **DOG INFORMATION**

### **Dog Policies**

- All dogs must be on a 6' leash at all times when not searching. NO flexi-leashes while not participating in a search.
- Reactive and/or spatially challenged dogs should wear a red bandana (to be provided by the dog's handler) to help signal others that the dog needs extra space from other dogs.
- Dogs will be toileted in designated areas and handlers must pick-up and dispose of waste.

- Dogs and handlers must stay in designated areas to avoid contaminating search space, interrupting a search, or from viewing any part of the searching.
- Handlers should expect to keep their dogs confined in a crate or vehicle when not searching. The logistics of an event typically do not allow for dogs to hang out on leash in between searches. Handlers should plan to provide their own shade using canopies or shade cloths.
- Refer to location details (above) for information on unentered dogs.

### **Females in Season**

Females in season will be allowed to run wearing “pants” at the very end of the day after all other dogs have tested. Handlers with females in season should park and toilet their dogs away from the other dogs if the location logistics permit. Handlers must email Kelly Penn so plans can be made for the dog.

## **OTHER INFORMATION**

### **COVID-19 Information**

Event attendees are required to adhere to the NACSW [COVID-19 Event Guidelines and Rules](#). In addition to those guidelines the following changes and guidelines are in effect for this test due to COVID-19.

Handlers are asked to bring their own hand sanitizer and disinfectant wipes. If there are any significant changes or updates after the draw period, handlers will be notified via email. Handlers are responsible for staying up to date on any jurisdictional requirements for their home location as well as the event location including any travel guidance.

### **ADA Requests**

If you are an individual with a disability and would like to request accommodation(s), please email [ADA@nacsw.net](mailto:ADA@nacsw.net). Please include your name, ORT date, ORT host name, and your requested accommodation(s).

### **Rules**

Complete rules are available at [www.NACSW.net](http://www.NACSW.net). **It is the responsibility of each handler to read and understand the current NACSW™ Rule book prior to participating in a NACSW event.**

### **Liability**

By registering for the ORT Test, the handler hereby assumes all risks of, and responsibility for, accidents and/or damage to her/himself or to her/his property or to others, resulting from the actions of her/his dog. The handler expressly agree that the NACSW, Your Dog Knows LLC and its assignees or any other person, or persons, of said groups, shall not be held liable personally, or collectively, under any circumstances, for injury, and/or damage to her/himself, for loss or injury to property, whether due to uncontrolled dogs or negligence of any member of said groups, or any other cause, or causes. The handler also agrees to assume all financial liability that may be incurred by the NACSW due to the actions of themselves or their dogs regardless of the cause.

### **Sportsmanship**

All handlers and spectators are expected to follow the rules of the NACSW and demonstrate good sportsmanship. This includes making sure the hide placements are unknown to the handler prior to searching and kept secret from other handlers. Please do not discuss hide placement or any details of a dog's performance that may provide information or clues to other handlers or may be overheard.

### **Results**

During the odor re-sets, the official results sheet will be brought out to the parking area for handlers to photo or review. We recommend you verify your results on the official results sheet and let your host or judge know if you have any questions regarding your results.

### **Spectators**

Additional guests of handlers are welcome, however spectating opportunities may be limited.

Please verify attendance policies with the Test Host Contact before bringing or inviting anyone not volunteering, handling, or officiating.

Spectators are reminded that the hide placements must not be discussed nor should they speak with any handlers about what they saw until after the event is complete.  
No dogs will be allowed in the spectator area. No unentered dogs with spectators are allowed at the event. An adult accompanying a minor must be present during the searches.  
Everyone at the site must sign the waiver provided by the host and comply with all event requirements. Handlers are not allowed to watch the searches at any time.

### **Videotaping and Photography**

If the site allows public video to be taken, handlers may wear visible head or chest cameras to record their searches. You will not be allowed extra time at the start line to get your camera functioning. Please be sure it is ready to go prior to arriving at the search area. At ORTs, handlers may bring a spectator to video or photograph their searches. Videos may not be made public until completion of the event day.

### **Emergency Veterinary Hospital**

The closest emergency veterinarian to the event location will be provided with entry confirmation.
