

SculpSure has won the  
**MOST INNOVATIVE TREATMENT**  
award from MyFaceMyBody!

SculpSure treatments are a breakthrough in light-based body contouring. They are designed to reduce stubborn fat in problem areas such as the abdomen, love-handles, back, thighs and under the chin, helping you achieve a slimmer more natural appearance without surgery or downtime.

**NOW is the time to start thinking about treating those stubborn pockets of fat. Most toning procedures take time to work. The lymphatic system can take up to 3 months to fully remove the dead fat cells from your body. If you want to know more about the newest and most INNOVATIVE fat reducing treatment on the market.....**
