

## The Ultimate Solution For Cleaning Oil-Based Spills

**You have to see it work to believe it.**

Now cleaning up oil spills can be done quickly, easily, and cost-effectively. All you need is SmartSorb™ and a broom!

Oil spills don't stand a chance against SmartSorb Absorbent. Upon contact, SmartSorb instantly absorbs, encapsulates, and never lets go of any type of oil spill on soil, grass and all solid surfaces. Effective on diesel fuel, lubricants, hydraulic fluid, brake fluid, transmission fluid, cutting fluids and many others.

SmartSorb is by far the most cost-effective way to solidify and encapsulate oil-based liquids.

**10x**  
**More Effective**

**50%**  
**Cost Savings**  
**Compared to Clay**

### USE SMARTSORB ABSORBENT SAFELY AND EFFECTIVELY IN..

- Farms
- First Responders
- Fuel Islands
- Heavy Duty Truck Stops
- Land Remediation Projects
- Machine Shops
- Manufacturing Plants
- Oil-storage Facilities
- Refineries
- Vehicle Repair Shops
- Waste Management
- And Many More

# Key Benefits

## Super-absorbent for land-based oil spills

Oil spills don't stand a chance against SmartSorb. SmartSorb instantly absorbs any and all hydrocarbons on soil, grass, and solid surfaces.

## Repels Water

SmartSorb will not absorb water. It removes oils but leaves the water behind. This makes BrownSorb the ideal absorbent for cleaning up oil spills in wet environments.

## SmartSorb is extremely economical

SmartSorb is typically 10 times more absorbent than conventional, clay-based products. You use far less SmartSorb to clean up any given spill. That typically translates to a 50% saving while delivering superior performance.

## All-natural cleanup technology

SmartSorb can be safely disposed of in landfills and reduces disposal costs by up to 75% when compared to clay.

### Available in:

SS-J	164 oz. plastic jug
SS-6	14 in. x 24 in. 4 mil plastic resealable bag
SS-15	1.5 cubic foot loose fill bag
SS-20	2 cubic foot loose fill bag
SS-25	25 gallon poly drum

- ✓ **Non-Toxic**
- ✓ **Non-Leaching**
- ✓ **Easy To Handle**
- ✓ **Non-Carcinogenic**
