

MollyBrown

Molly Brown Overview

The Best Absorbent For Oil Spills In Any Body Of Water

- **Unsinkable**

Specifically designed for on water application we call this product, the unsinkable Molly Brown.

- **Heavy duty construction**

Molly Brown booms are designed for harsh environments; our booms are made with reinforced webbing and stainless-steel hardware to withstand strong river currents and choppy ocean seas

- **Super Absorbent**

Absorbs oils, fuels, lubricants, and hydrocarbons only, not water!

- **Environmentally Conscious Design**

Made from organic, recycled, and biodegradable components.
