

# ***SUPER-FRAC II™ VALVE GREASE***

## ***THE "GREEN" GREASE***

**SUPER-FRAC™ VALVE GREASE II** is an **ENVIRONMENTALLY FRIENDLY**, Over-Based Calcium Sulfonate Complex Grease (Manufactured in Fort Worth, TX) is specifically formulated to better combat the harsh environment associated with today's frac jobs.

### **FEATURES**

- ◆ Whether pumping between stages or positive pressure pumping, **SUPER-FRAC™ VALVE GREASE** is superior in water washout resistance, hydrocarbon resistance, pumpability, cavity fill/sand displacement (even #200 mesh), hard surface protection, and sealing.
- ◆ Current customers report **SIGNIFICANTLY REDUCED GREASE USAGE**, reduction in gate repair and replacement costs, reduced valve leakage and reduced seat pocket pitting

### **AVAILABILITY**

- ◆ NLGI #2 Year-Round Grade (-20°F to +400°F) and NLGI #1 (Winter Grade -30°F to +70°F)
- ◆ Local Inventories maintained for our current customers-Same Day/Next Day/JIT delivery
- ◆ Customer owned tote refilling is available at our Odessa Warehouse: 24-48 hour turnaround in most cases
- ◆ We also carry Hydraulic Oil, Quick Dry Frac Iron Paint, Plug Valve Grease, Plunger Packing Grease & Degreasers
