

RECOMMENDED USES

- Machinery
- Manufacturing equipment
- Food processing equipment
- Tooling equipment
- Tools
- Marine vessels
- Electronics/control boxes
- Light fixtures
- Metal window frames
- Railings
- Outdoor furniture
- Bikes

A CONVENIENT NEW WAY TO PROTECT METAL SURFACES FROM RUST WHILE LEAVING A CLEAN, POLISHED FINISH

ADVANTAGES

- Effective rust prevention
- Rust inhibitor penetrates beneath the surface of metal
- Leaves a protective micro-barrier that is dry to the touch
- Dielectric to 40 kV; stops electrolysis
- Environmentally friendly

5 in 1 ANTI-CORROSION WIPES

S2S 5 in 1 Anti-Corrosion Wipes combine a cleaner, rust inhibitor, penetrant, lubricant and dielectric in one to provide a convenient new way to care for your tools and metal surfaces.

Each easy-to-use, disposable wipe is infused with an S2S corrosion preventive coating. Proven to combat rust in the most corrosive marine environments, S2S formulas are long lasting lubricants and penetrants that bond to metal, like a magnet to steel, displacing water and oxygen and shutting down rust cells.

S2S 5 in 1 Wipes leave a protective micro-barrier that is dry to the touch and environmentally friendly. Store them in your shop, garage or shed and use them as often as needed to keep your metal surfaces clean and rust free.

**GREAT FOR
EVERYDAY
MAINTENANCE OF
METAL SURFACES**
