

The Ultimate Solution For Cleaning Oil-Based Spills

You have to see it work to believe it.

Now cleaning up oil spills can be done quickly, easily, and cost-effectively. All you need is BrownSorb™ and a broom!

Oil spills don't stand a chance against BrownSorb Absorbent. Upon contact, BrownSorb instantly absorbs, encapsulates, and never lets go of any type of oil spill on soil, grass and all solid surfaces. Effective on diesel fuel, lubricants, hydraulic fluid, brake fluid, transmission fluid, cutting fluids and many others.

BrownSorb is by far the most cost-effective way to solidify and encapsulate oil-based liquids.

10x
More Absorbent than
Conventional Absorbents!

50%
Savings Compared
to Clay

The most cost effective way to contain oil-based spills on hard surfaces in virtually all weather conditions.

Super-absorbent for land-based oil spills

BrownSorb instantly absorbs any and all hydrocarbons on soil, grass, and solid surfaces.

BrownSorb is extremely economical

BrownSorb is typically 10 times more absorbent than conventional, clay-based products. You use less product to clean up any given spill. That typically translates to a 50% saving while delivering superior performance.

Repels water

BrownSorb will not absorb water, so it removes oils but leaves the water behind. This makes BrownSorb the ideal absorbent for cleaning up oil spills in wet environments.

All-natural cleanup technology

Can be safely disposed of in landfills and reduces disposal costs by up to 75% when compared to clay.

Other Key Benefits

- ✓ Absorbs immediately on contact
- ✓ Works on any oil-based fluids
- ✓ Helps eliminate oil odors
- ✓ Non-toxic
- ✓ Non-abrasive
- ✓ Non-leaching
- ✓ Non-carcinogenic
- ✓ Waste minimization
- ✓ Easy to handle

Put the power of BrownSorb to work for you wherever there are hydrocarbon leaks or spills on land.

- Chemical Processing Plants
- Farms
- Fuel Islands
- Heavy Duty Truck Shops
- Land Remediation Projects
- Machine Shops
- Outdoor Containment Areas
- Oil-storage Facilities
- Refineries
- Vehicle Repair Shops
- Waste-management Facilities
- And Many More

SKU	Product	Description
BS-J	BrownSorb	164 oz. plastic jug
BS-5	BrownSorb	14" x 24" 4 mil plastic resealable bag – 5 lbs. 5 bags to a case.
BS-15	BrownSorb	1.5 cubic foot resealable plastic bag – 15 lbs.
BS-25	BrownSorb	25 gallon poly drum – 45 lbs.
BS-4	BrownSorb	4 foot containment sock
BS-8	BrownSorb	8 foot containment sock
