

OFFICE OF THE MAYOR  
CRAIG GREENBERG

January 27, 2024

Dear Members of the Community,

I write in strong support of India Fest at the KY Expo Center in Louisville. This event not only provides cultural space for the Indian community but also helps build upon the diverse cultural heritages in Louisville.

I would like to show my appreciation for your dedication and efforts in organizing and promoting the understanding of India at its best. I am pleased to learn that India Fest will share the rich Indian culture along with traditional dances and delicious, authentic Indian food. This allows for Louisville residents to learn about Indian flavors and create greater cultural awareness, sharing new and old traditions from different regions of India.

The rich, Indian heritage is known throughout the world for both its music, movies, dances, and food. I welcome India Fest as a vibrant part of the Louisville community. I am excited and look forward to this cultural event taking place in our beautiful city.

Yours sincerely,

A handwritten signature in blue ink, appearing to read "C. Greenberg".

Craig Greenberg  
Mayor of Louisville
