

Why Are Jews Leading The Alt-Right & ‘White’ Nationalist Movements?

AUGUST 24, 2019 By [CFT TEAM](#)

“The best way to control the opposition is to lead it ourselves.”

— Vladimir Lenin, Jewish Communist revolutionary in Russia

Anybody who has been paying attention over the past five years can see the hidden hand at work in the so-called Alt-Right and “White Nationalist” movements.

While the media drones on about “white supremacists” and “antisemitism”, the truth is that Jews are actually the ones leading these movements, and there is a clear agenda at work.

This is nothing new.

In 1970, [Frank Collin](#) (real name Cohn) was a **Jew who founded the National Socialist Party of America (NSPA)**, which would go on to be one of the largest “neo-nazi” parties at that time. Collin/Cohn would regularly lead “neo-nazi” marches around Chicago, which ultimately culminated in the [Skokie Affair](#).

Frank Collin/Cohn was eventually found guilty of child molestation and sexually abusing young boys at the NSPA headquarters in Chicago. Predictably, **he went to jail and the whole NSPA movement fizzled out.**

Just like in the 1970s, today we see the exact same dynamic at work: Jews leading the Alt Right and so-called “White Nationalist” movements.

1. Andrew Escher Auernheimer (aka Weev) / Daily Stormer (and Andrew Anglin)

It is no secret that the Daily Stormer is run by Jews and not-exactly-Whites with a subversive agenda. This has been known for years.

- Andrew Escher Auernheimer (aka Weev) = Ashkenazi Jew on both sides of his family
- Andrew Anglin = mixed-race with non-White features (has openly admitted to being mixed race and promotes the mixing of races)

Auernheimer has admitted to being a Jew many times over the years. He has also been outed by his Jewish family. Speaking to [Newsweek](#), his mother Alyse said,

*“He doesn’t like us,” she said, adding that her son comes from a “**large, mixed-race family**” with **Native American heritage**, and that he most certainly has **Jewish lineage** “on both sides of his family.”*

When mommy blows your cover as a “neo nazi”.

In October 2010, Auernheimer admitted his genetic ties to the Jew Theodore Herzl, the founder of the Zionist movement on his [official reddit account](#) (still active), which was also verified in one of his court cases:

Well, my line is related to Theodore Herzl, so I have blood ties to Zionist thought.

Like Frank Collin/Cohn, Auernheimer has also served time in jail for illicit activities and crimes.

Below you see the Jew Andrew Escher Auernheimer (right), who looks uncannily like the gay jewish pedophile Allen Ginsberg (left):

Update: Here's another [article exposing Weev](#) from Occidental Dissent ([archived](#)). The article details how Weev and the Daily Stormer is tied in with **Chabad Lubavitch Jews** in New York, including Jared Kushner (from the Trump Administration).

Aside from Weev (Andrew Auernheimer), the other main figure at the Daily Stormer is **Andrew Anglin**. One look at Anglin and it should be evident that he is also mixed race. And just like Weev, Anglin has admitted to being mixed race in the past, while also encouraging Whites to mix with other non-Whites. Anglin stated in the past (video evidence below):

- *“Mixed races will be a positive progression for everyone.”*
- *“I think the white race should die out. I think white people are dangerous.”*

The video below, which [surfaced in 2017](#), fully exposes the subversive agenda of Andrew Anglin, Andrew Auernheimer, and also Mike Enoch – another Jew we will cover further below.

The Alt-Right, MASK OFF (Daily Stormer, Anglin, Weev, Enoch,

<https://www.bitchute.com/video/IgTz0JOdvTZ5/>

Like Auernheimer, Andrew Anglin also poses as a “white nationalist” and cartoon “neo-nazi” while at the same time promoting an agenda that is contrary to true nationalism.

The ADL and SPLC should send Anglin monthly royalty checks for all the donations that pour into their coffers from elderly Jews in Miami who think Anglin is serious about wanting to “gas the Jews” or some other preposterous troll campaign.

Anglin also seems to have an obsessive fascination with Asians, which is no surprise given his history of chasing underage Filipinos in Asia and promoting the “mixing of races” as a “positive” development.

The Daily Stormer promotes violence and controlled-opposition shills

Right now Auernheimer and Anglin at the Daily Stormer are encouraging their White audience to commit acts of violence, including mass shootings.

Here's Auernheimer promoting violence on a show with Christopher Cantwell, another Alt Right clown.

Subversive and dishonest activities:

- Promote violence among their White audience.

- Link to and reference other controlled-opposition outlets, particularly other Jews within the Alt Right.
 - Promote raping and [violence against women](#), rather than having large White families.
 - Promote “based” non-Whites and various forms of multiculturalism and race-mixing.
 - Promote various lies, such as “[some Moslems](#)” being behind 9/11, which [we’ve shown is false](#).
 - Promote the lie that mainstream denominational Christianity is real Christianity.
 - Promote the [big lie](#) that the Jews are the Israelites/Hebrews of the Bible.
 - Avoid honest discussions about the Bible, Christianity, real White identity, and the importance of having strong Christian families.
 - Create a sense of despair and hopelessness regarding the state of the world and the all-pervasive Jews, whereby the only recourse for Whites is to pull another Dylan Roof or similar nonsense.

2. Breitbart “News” Network

Breitbart is a jewish operation to the core – and it has been that way from the beginning.

In an [article](#) from August 2016, Breitbart's jewish CEO Lary Solov stated:

“They say that we are “anti-Semitic,” though our company was founded by Jews, is largely staffed by Jews, and has an entire section ([Breitbart Jerusalem](#)) dedicated to reporting on and defending the Jewish state of Israel.”

As one of the largest of the so-called “alternative” media websites, Breitbart attempts to be edgy by reporting stories that may be popular with Whites, while at the same time controlling the narrative and obscuring the jewish hand and power structure.

BREITBART NEWS NETWORK: BORN IN THE USA, CONCEIVED IN ISRAEL

Larry Solov also wrote in [article](#) in 2015 explaining how **Breitbart was born in Israel**:

*“A lot of people don’t realize this but Breitbart News Network really **got its start in Jerusalem**. It was the summer of 2007, and Andrew had been invited to tour Israel as part of a media junket. I agreed to tag along as his lawyer and best friend. What neither of us knew at the time was that the trip would change our lives and give us the inspiration for Breitbart News Network.”*

One of its co-founders was Steve Bannon, Donald Trump’s Chief Strategist, who described Breitbart as “**THE platform for the alt-right**.” Yes, this is the same Steven Bannon who was recently outed for his close associations with Mossad operative and pedophile, Jeffrey Epstein.

Ben Shapiro, another Jew who plays the part of an edgy “conservative” when he’s not studying The Talmud, which is the Jewish blueprint for subverting White Christian society, also spent a few years at Breitbart as a “political commentator”.

3. Ezra Levant / Rebel Media

It's no secret that Ezra Levant, the loudmouth behind Rebel Media, is jewish.

Like Breitbart, Levant plays the role of “conservative” without ever going near the topics of race or the jewish hand at work in various topics.

We've discussed Ezra Levant before in his [relation to Tommy Robinson](#). Levant appears to be one of Tommy's handlers, while also being his money manager who collects donations for his legal defense, but we'll discuss Tommy more below.

https://www.youtube.com/watch?v=M_MSC2tNZ_I

Levant's job is to keep all discussion about Muslims focused on Islam, rather than the jewish enablers.

4. Gatestone Institute, Jihad Watch, and the Kosher Crusaders

The Gatestone Institute seems to be the largest among the kosher-approved anti-Islam websites.

The goal of these websites is simple: lead the opposition by criticizing Islam, but don't go anywhere near the topic of who is enabling, funding, and supporting Muslim immigration into the West. Because if you go there, then that would be antisemitic, of course.

These are what we call the Kosher Crusaders. They will appear to oppose Islam, but they'll never let you know the root cause of the problem.

The Gatestone Institute is right out of the jewish playbook for creating a fake [opposition movement](#):

One of the major publishers of online content friendly to the far-right party is an American website financed in large part and lead by Jewish philanthropist Nina Rosenwald.

Rosenwald's site, the Gatestone Institute, publishes a steady flow of inflammatory content about the German election, focused on stoking fears about immigrants and Muslims. In one of the most recent posts, the website warns of the construction of mosques in Germany and claims that Christianity is becoming 'extinct'.

Here is Rosenwald with Alan Dershowitz, a self-described Hillary Clinton supporter who also seems deeply connected with many other personalities on the "alt right" and the Trump administration through their mutual connections to Jeffrey Epstein.

Sites like Gatestone also keep Christians blind to the enemy within while ensuring they never see the bigger picture.

We learn from Wikipedia that **John Bolton**, the neocon Jew who has a penchant for getting America into wars against Muslims for the sole benefit of Israel, is also actively involved in the Gatestone Institute.

“Bolton has been involved with numerous conservative organizations, including the anti-Muslim Gatestone Institute, where he served as the organization Chairman until March 2018, and as a Director of the Project for the New American Century, which favored going to war with Iraq.”

Next up from the Kosher Crusaders is **Robert Spencer**, a close associate of fellow jewish “conservative” kingpin **David Horowitz** whose Freedom Center funds Spencer’s website Jihad Watch, a fairly large site that gets quite a bit of traffic. But the m.o. is the same: criticize Islam, never discuss Jews, and support Israel!

There are many other Kosher Crusaders we could discuss, such as Pamela Geller, but you get the point.

5. Lauren “Southern” Simonsen

Lauren Simonsen goes by the name “Lauren Southern” as part of her act. Also part of her act is the bad blonde “aryan” dye job to make herself more appealing to young, naive White men, despite her attraction to Black men, like the “conservative” one she “dated” in high school:

In various contexts she has admitted her jewish ancestry.

Lauren "Southern" Simonsen previously worked for the Jew Ezra Levant at Rebel Media.

She has made videos criticizing third world immigration into the West, and like her fellow tribe members in the Alt Right, she'll never let you know the source of the problem.

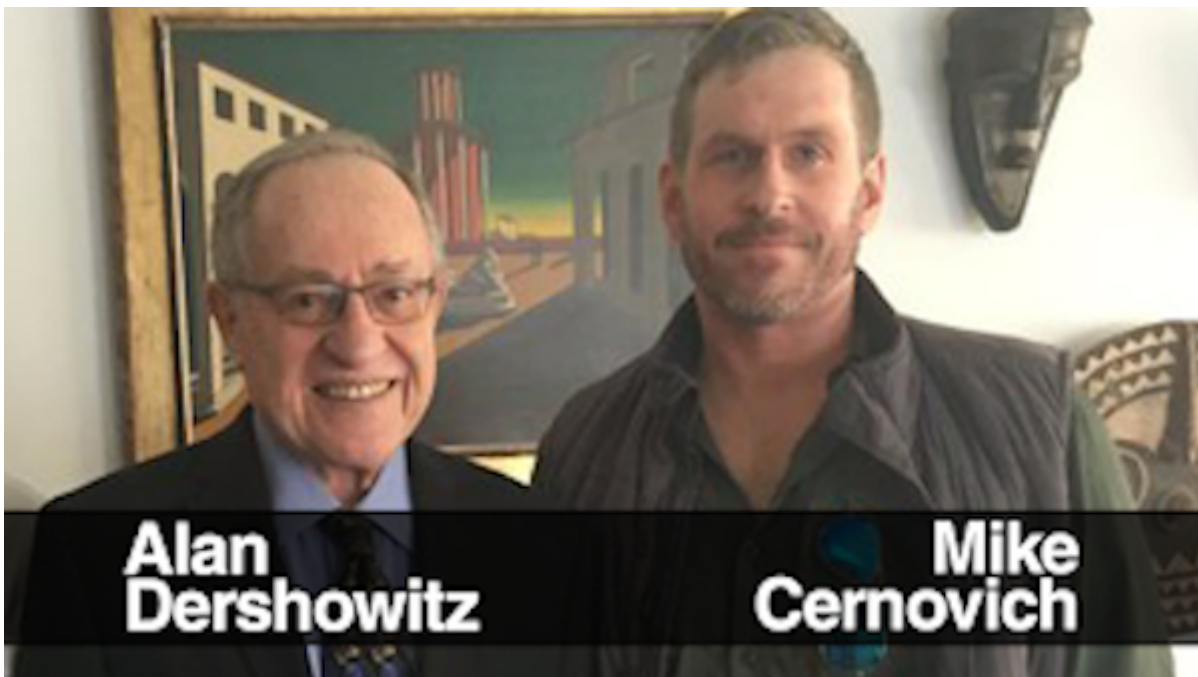

In 2018, she went on a world tour with Stephan Molyneux, another Jew who pretends to be a “white nationalist”.

6. Mike Cernovich

Mike Cernovich is another jewish Alt Right figure who has been heavily promoted in the media. Recently, Cernovich has gone into overdrive trying to convince people that Jeffrey Epstein was not connected to the Israeli Mossad.

Here he is with his mentor Alan Dershowitz, who just so happens to have been Jeffrey Epstein’s attorney and alleged frequent visitor a Epstein’s teenage rape parties:

<https://www.bitchute.com/video/SCBDYXr38P03/>

Mike “Enoch” Peinovich – a Jew pretending to be a “neo nazi” for the cameras.

Mike “Enoch” Peinovich is the Jew behind TheRightStuff, an “antisemitic” website which hosts various “white nationalist” podcasts which have been featured at Andrew Anglin’s Daily Stormer.

When he first came to public attention, he tried to hide the fact that [his wife was jewish](#), but eventually admitted it, after which he allegedly divorced her to maintain his street cred among nationalists, but all of this was a way to distract his followers from the fact that he himself, not just his wife, is jewish.

Enoch has a habit of wearing dark sunglasses in public to create a “tough” and “fashy” image, but when he takes them off, he looks nebbishly jewish:

Mike “Enoch” Peinovich has, in fact, **admitted to being jewish** on at least **three separate occasions**, as you can hear in this video:

((Mike Enoch))) is a Jew himself

Mike Enoch is a self-admitted jew

"But in terms of who's going to be part of this movement I would say yeah like, you know, it's gotta be White people and really jews should be excluded and **if you are going to let in a mixed jewish person, they really have to have done something to earn that. And I think in my case I did.**"

8. Milo Yiannopoulos

Milo Yiannopoulos is a gay jewish “antisemite” whom we have [covered before](#) on this site:

Yiannopoulos is a poster child of the “fake Right” whose sole purpose is to subvert and discredit any legitimate opposition to the jewish-dominated liberal agenda.

Not only is Yiannopoulos a flaming homosexual who has a penchant for Black men, he’s also an admitted crypto-Jew who loves to troll both liberals and conservatives. He’s a political clown who does nothing but distract White people from the real problems that we face.

Yiannopoulos just so happens to be another jewish “antisemite” who got his start at Breitbart (there seems to be a pattern here). As [Wikipedia points out](#):

In October 2015, the Breitbart News Network placed Yiannopoulos in charge of its new “Breitbart Tech” section. The site has six full-time staff, including an eSports specialist, and was edited by Yiannopoulos until his resignation on 21 February 2017.

Wikipedia also points out how Yiannopoulos promotes pedophilia:

In the interview in a January 2016 episode of the podcast Drunken Peasants, Yiannopoulos stated that sexual relationships between 13-year-old boys and adult men and women can “happen perfectly consensually”, because some 13-year-olds are, in his view, sexually and emotionally mature enough to consent to sex with adults; he spoke favourably both of gay 13-year-old boys having sex with adult men and straight 13-year-old boys having sex with adult women. He used his own experience as an example, saying he was mature enough to be capable of giving consent at a young age.

9. Paul Gottfried – the “Jewish Godfather of the Alt Right”

Paul Gottfried is often called the “Jewish Godfather of the Alt Right.”

Here’s an excerpt from Gottfried’s Wikipedia page:

Gottfried is also the first person to use the term “alternative right”, when referring specifically to developments within American right-wing politics, in 2008.

Richard B. Spencer co-created the term with Gottfried while working together at Taki’s Magazine and helped it to gain wide currency through media attention surrounding conferences organized by his think tank, the National Policy Institute.

Here you can see Gottfried with Richard Spencer and Pat Buchanan:

The pro-homosexual “conservative” Richard Spencer is also quite the character, with deep family ties to the CIA and various mainstream political figures. Many also claim he is jewish.

Here’s Spencer hanging out with his “wife” and former First Lady Laura Bush:

10. Stefan Molyneux – A jewish actor posing as a “white nationalist”

Stefan Molyneux is a jewish actor who plays the role of a “white nationalist” and “antisemite” who points out facts about Jews. Molyneux has been caught in numerous lies over the years and has flip-flopped on many issues.

Molyneux will occasionally discuss facts about Jews, particularly on Twitter, while feeding his audience various lies and controlling the narrative.

As more people wake up to the JQ, Molyneux has been intensifying his rhetoric and calling out his fellow Jews (to a limited extent), in attempt to stay ahead of the curve. This helps to ensure he can continue to collect donations (growing his audience) while also controlling the narrative.

Update: Here's what it looks like when Molyneux's cover as a "fellow white person" gets blown (on the day we published this article). Notice he never denies his Jewish ethnicity, but instead makes various excuses and concludes with "I do not identify as Jewish."

Molyneux clearly lacks the self-awareness and insight to understand just how jewish his way of thinking really is. He will mock a man who doesn't "identify" as a man, yet he fully expects us to believe he's not jewish just because he chooses not to "identify" as a Jew. This is textbook jewish chutzpah and hypocrisy.

Subversive and dishonest activities:

- Minimizes and conceals jewish power and corruption, while attributing jewish control of certain industries to Jews allegedly having a "high IQ" like another high-profile shill, Jordan Peterson

- Attacks people who question the official version of 9/11 and the Holocaust (“[facts don’t matter](#)”).

Just another face of the Kosher-approved Alt Right.

Why are Jews leading the Alt Right and white nationalist movements?

Answer: to control the opposition, subvert those looking for the truth and real solutions, and promote their own agenda. Here's the agenda we see being pushed by those above:

1. **Incite violence** among their White audience, including shootings and other illegal activity – common with the Daily Stormer crowd. (Note: Promoting violence is a counter-productive strategy at this point in time, as it achieves nothing, alienates others who may be open to these truths, destroys the lives of those committing crimes, is used to take away our rights (free speech and gun rights), and is used by the controlled media to vilify Whites.)
2. **Obscure and conceal the truth** and bigger picture. Many of the Jews in the Alt-Right will give their audience some truth, but then obscure the bigger picture, promote lies, and lead people down endless rabbit holes of confusion.
3. **Promote lies** and disinformation. Many Jews in the Alt Right promote lies about history, the [9-11 attacks](#), the [truth about jewish identity](#), and various other topics, while constantly bashing Christianity.
4. **Promote non-solutions**. Jews love to promote the Alt Right, politics, and various forms of “activism” because these are all non-solutions that will never go anywhere.

By their fruits you shall know them.

Blueprint for subversion: honeypots, informants, and illegal activity

If you look at various White Nationalist movements over the decades, there is a common theme of infiltration, subversion, and the promotion of illegal activity.

This is how these movements are ultimately destroyed.

The Aryan Nations in Idaho was another large movement in the 1980s and 1990s. An article on the Ruby Ridge tragedy reveals the degree to which [government agents actively infiltrate these groups](#):

*The irony of the federal government's desire to obtain informants within the Aryan Nations is that different branches of **federal law enforcement and intelligence gathering occupied five of the six key positions** in the organization. This means that the Aryan Nations were effectively a government-run shop, with agents spying on each other to ensure the integrity of an investigation – into an **organization almost entirely run by the federal government.***

The government had an obsession with the Aryan Nations due to Robert Jay Matthews, who was a member of The Order, a terrorist organization including members of the Aryan Nations. The FBI's Hostage Rescue Team burned Matthews alive inside his own home.

*Due to his ongoing refusal to
snitch, **Weaver was then arrested in
January 1991, on illegal firearms sales
charges.** These charges stemmed from
Weaver's earlier "sale" of two shortened
shotguns to Faderley, the undercover ATF
agent – a sale which the feds later admitted
constituted illegal entrapment.*

Weaver was basically **entrapped by federal agents posing as "fellow patriots"** who goaded him into a shotgun sale. Weaver's son, wife, and dog were later killed by government snipers stemming from charges related to the fake gun transaction.

The Aryan Nations compound in Hayden Lake, Idaho was also brought down after guards shot at a vehicle and two people. The occupants then sued the Aryan Nations (with the help of jewish lawyers at the SPLC) and won a multi-million dollar suit, effectively bankrupting the organization. Once again, violence and illegal activity was the downfall of the organization.

This same blueprint is being carried out today, and you also see it at work in various nationalist movements in Europe:

1. Infiltrate the organization and collect data on all the members.
2. Promote violence and other illegal activities.
3. When violence or illegal activity is carried out, come down on the organization and its members with all available resources.

Don't be fooled. They are not giving you any solutions.
