Tips on Attending Zoom Classes:

Mute:

You as the participant will be muted upon entry into the class. If you would like to unmute yourself, you will find the button in the bottom left hand corner. There is a microphone, if it is green you are not on mute. If it is red, you are on mute.

Video:

As you enter the meeting, if you have a camera, you will be on video. If you do not wish to be on video, you can turn off the camera easily. Next to the microphone is a video camera. Click on the button to turn it on/off.

Chat:

If you have any feedback or questions, you can leave messages for the instructor or other residents. The button in the center of the screen labeled chat will allow you to leave these messages for everyone in the meeting/class. If you are loving something the instructors are doing, you can leave "emotions" thumbs up or hand clap to name a few!

To leave a meeting:

You will go to the bottom right hand corner and select Leave Meeting. You will want to be sure to select that button to ensure proper exit of the meeting. There is a chance if you don't select that option, your audio/camera will continue to run while you are carrying on with your daily life!
