2018 Thanksgiving Turkey Order Form

RAISED RIGHT: We offer Bronze Broad Breasted and White Broad Breasted, pasture-raised, free-range, turkeys to grace your Thanksgiving table. These birds produce a large breast that has become “today’s norm” for Thanksgiving turkey. Because our birds are pasture raised in fresh air and sunshine, they will be leaner, the meat softer on the palate, and full of flavorful white and dark meat. Our turkeys are given free-choice, non-GMO grain with full access to the outdoors, secured by electric netting and given a shelter for protection. They spend their days hanging out with a Rhode Island Red Rooster and entertaining themselves playing with their toys and, on hot days, playing in water spraying from a sprinkler.

PROCESSING: Our fresh turkeys are minimally processed so you know you are taking home 100% turkey: no added salt, water, or fillers. *We think you will taste the difference!*

Our whole turkeys are available in sizes from 20-24 lbs. Your turkey will be processed and bagged by a local USDA Poultry Processor to give you the freshest bird possible. Each Thanksgiving turkey contains a bag of giblets (neck, heart and liver).

When deciding how large of a free-range, antibiotic-free turkey to order, we recommend planning for 1-1.5 lbs. per person.

These whole turkeys have never been frozen. We keep these turkeys at a “deep-chill” temperature (right at 32° F) so that they stay fresh for your holiday meal. Because of this a small ice shell may form, but it will disappear quickly once you put it in your home fridge. Fresh turkeys save the hassle of thawing and cook faster than the traditional frozen turkey.

AVAILABILITY: Fresh turkeys will be available the week before Thanksgiving for \$4.99/lb. We are now accepting orders on a first come, first served basis. Frozen turkeys are available for Christmas.

PICK UP: These turkeys can be picked up at Quaking Hill Farm, 16201 Glidden Road, Holley, NY during the 5 days preceding Thanksgiving. Please call (585) 703 - 0564 to reserve a pick-up time and date. Delivery to your door in the Rochester and Buffalo area is also available for an additional \$5.00.
