Dear Rick,

I'm writing to extend my sincere thanks for your help in steering Zeus through the intricacies of Medicare. Your book (Medicare Decoded) is an easy-to-read guide toward understanding and avoiding the hidden pitfalls and penalties within the Medicare system. On top of that, your personal advice via phone call and email enabled us to build a solid platform of information that we are now offering to all of our employees as they approach Medicare eligibility age. I would encourage every employer to go through this effort, as our employees have been extremely grateful for the advice we're now able to offer.

It has been a pleasure working with you on this project!

Best Regards,

John Winarchick
