

COMMIT BY OCTOBER 1

so the new board is lit for the **Spring 2027** season

WE NEED TO RAISE

\$25,000

TO FINISH THE JOB

Our varsity scoreboard is more than **20 years old**. Bulbs in key locations are failing, the parts to repair them are no longer made, and during games the board is hard to read – or misleading.

THE PLAN

Replace it with a new, modern LED scoreboard. Converting the old board to LED costs as much as or more than replacing it.

Concept only – final design and sponsor layout to be confirmed.

TOTAL PROJECT (EST.)

\$43,000

SCHOOL & DISTRICT

\$18,000

STILL TO RAISE

\$25,000

The high school and the district have committed **\$18,000**. The remaining **\$25,000** is being raised through the Booster program. **The four sponsorships below cover all of it.**

PUT YOUR NAME ON THE BOARD Four ad spaces on the new LED board – multi-year, front and center.

ONE SPACE

Primary Scoreboard Sponsor

\$10,000

Largest logo on the board

THREE SPACES

Scoreboard Sponsor

\$5,000 each

Logo on the board

Ready to claim a space?

Spaces are first come, first served. Supporting the program **without advertising** is welcome too – gifts of any size go straight into the baseball program.
