Subject: Letter of Recommendation in Support of Christian Casto

To Whom it May Concern:

I am writing this letter to voice my support for and to recommend in the highest terms possible that your organization accept Christian Casto for the internship to which he applied. I have known Mr. Casto since 2013 as both a friend of our family and as a student athlete.

During the years, I have had the pleasure of watching Mr. Casto grow and mature into a young man with the highest character and ethical traits. Mr. Casto is an exceptionally dedicated and motivated person. That force of will propelled Mr. Casto to become an exceptional high school and collegiate lacrosse player.

While serving as a commissioned officer in the U.S. Army and as a Supervisory Special Agent in the Drug Enforcement Administration, I have had the pleasure to serve with and train some exceptional and successful people. Mr. Casto possesses every characteristic that I have seen in the most competent and successful members of the U.S. Army and in law enforcement. Mr. Casto has become one of the finest, most conscientious and determined men that I have had the pleasure to coach and know. Mr. Casto is exactly the type of person who will enhance any organization of which he is a member.

For questions, clarification or additional follow up, please feel to contact me at that above number or email address.

Sincerely,
Gary B. Newman
