# SOIL AMENDMENTS FOR GARDEN, LANDSCAPE & AGRICULTURE USE

LGM Soil Amendments is a family-owned business specializing in Pedology and Edaphology. Our soil is used for conditioning, ground cover and to retain moisture - all of which extend your current soil's life cycle. LGM soil options are carefully amalgamated by our soil formulators and do not contain pesticides, artificial agents or green waste.

- + FORMULATED IN CA COMPOSTED
- + ORGANIC MATERIALS
- + INDOOR/OUTDOOR OPTIONS

AMENDMENTS

# WHAT MAKES LGM SOIL AMENDMENTS DIFFERENT?

PRODUCT	BEST USE:	TYPE	PACKAGE
<b>2 IN 1 PLANTING MIX &amp; MULCH</b>	General Purpose top dressing mulch and Planting mix for blending with existing soil around newly planted vegetables, fruit trees and ornamentals". With organic fertilizer that will feed your plants for 4-6 weeks.	   	
<b>CACTUS, SUCCULENT, PALM &amp; CITRUS MIX</b>	Lightweight, well-draining potting soil for containers, rooftop gardens and plants that like drier roots. With organic fertilizer that will feed your plants for 4-6 weeks.	   	
<b>CEDAR BARK</b>	Aromatic incense cedar for moisture retention, weed suppression. Natural red color that fades slowly.	   	
<b>OAK LEAF MOLD</b>	100 % Oak leaves, naturally acidic. Use for top dressing or blending into soil for new plants.	  	
<b>ORCHID MIX</b>	Use for Orchids, indoor plants, that require the correct amount of drainage and moisture retention. With organic fertilizer that will feed your plants for 4-6 weeks.	  	
<b>PEAT MOSS</b>	Organic soil conditioner that is well draining while holding the correct amount of moisture. Perfect for acid loving plants, azaleas, gardenias and blueberries.	  	
<b>POTTING SOIL</b>	Organic potting soil for containers and raised beds. Use for plants, vegetables and fruit trees. With organic fertilizer that will feed your plants for 4-6 weeks. Holds more moisture than cactus mix.	  	
<b>SUCCESS</b>	Organic compost for keeping newly planted seeded lawns moist, under sod or top dressing your garden. With organic fertilizer that will feed your plants for 4-6 weeks.
