## Glasses Keepers Finishing Requirements

- We ask that canvases sent in for sunglasses straps be **no larger** than 18 count as the larger canvases are much too heavy to be used for this style of finishing.
- Glasses Keeper canvases must be a minimum of 18 rows tall **without a binding stitch** or 12 rows tall **with a binding stitch**. (If you do not add a binding stitch, we must have 2 extra rows of stitching above and below the design that we can fold under.)
- Canvases should be a **MINIMUM** of 12 inches long.
