

Dear [Investor Name],

I am writing to propose a funding opportunity for our upcoming mobile game, Farm Invaders. The game is a unique twist on the farming simulation genre, combining elements of strategy, multiplayer, and NFT's. We are confident that Farm Invaders has the potential to become a hit game in the mobile gaming market, and we are seeking an investment of [insert investment amount] to bring the game to market.

The investment will be used for the following purposes:

**Game Development:** The bulk of the investment will go towards game development, including the development of the game engine, design of game mechanics, and creation of game assets. We have already assembled a talented team of developers, artists, and designers, and the additional investment will help us to deliver a polished and engaging game that stands out in the crowded mobile gaming market.

**Marketing and Promotion:** We recognize that effective marketing and promotion are essential to the success of a mobile game. Therefore, a portion of the investment will be allocated towards marketing efforts, such as social media campaigns, influencer partnerships, and paid advertising.

**Blockchain Integration:** To add support for NFT's and blockchain technology, we will need to work with blockchain developers to ensure that the integration is seamless and secure. The investment will be used to cover the cost of blockchain development and ensure that the game is fully optimized for this technology.

**Operations:** We will also use a portion of the investment to cover operational costs such as hosting, server maintenance, and ongoing development and support.

We anticipate a return on investment within the first 12 months of release, based on our projected revenue and user acquisition. We have conducted market research and analyzed trends in the mobile gaming industry, and we are confident that Farm Invaders has the potential to generate a significant revenue stream for investors.

In return for your investment, we are offering [insert equity percentage] equity in the game, as well as [insert additional perks or benefits]. We believe that Farm Invaders has the potential to be a successful and profitable mobile game, and we are excited to partner with investors who share our vision.

Thank you for your consideration. We would be happy to discuss this opportunity further and answer any questions you may have.

Sincerely,

[Your Name]
