

## My Life Purpose Diagram and Worksheet

(Don't get too hung up on the word purpose—you could exchange it for a word that speaks to you more—calling, mission, ministry, vision, etc.)

Note: My Color Code refers to a training in The Mid-Life Masterpiece Workshop available on this site. In place of this training, simply ask yourself what motivates you—money? Power? Crossing things off a list? Pleasing others? Etc.

**Fill in the diagram to find your life purpose!**

(Consider printing several copies and trying different variations until you find the one that seems to represent you most clearly—it's a process.)
