FAQ: What Are Collections

Collections are curated groups of Atlassian apps and AI agents that make it easy for all types of teams to work better together.

SplitDimeData: Notes

- On this page, the Collection Images have links to the appropriate Home Pages
- The Price links (\$) will take you to Atlassian's pricing Page(s)
- The Teamwork collection can be bundled or the Apps can be licensed separately.
- There is no Software Collection pricing (it's all ala carte)
- Service and Strategy Bundles have to be purchased as a bundle
