## What our CLIENTS SAY

"Power of 10 was an amazing band! They played at our wedding and were fantastic. They were great to work with in the planning stage and were easy to contact and very responsive. The musicians and vocals were on point throughout the whole night of the wedding including the ceremony with a pianist, a quartet for the cocktail hour, and the whole band at the reception. The guests raved about how much they loved the music and the band. We loved their song list and everyone at our wedding had a blast with dancing and enjoying the music." – Kristine, Bride
