WARNING

EZFreedom Flip Top Hinge is designed to be installed on a roof with a factory finish, the product has not been tested on after-market finishes. The product warranty is void if the EZFreedom Flip Top Hinge is installed on a roof with any modifications or changes to the finish. Wash and dry roof prior to installation concentrating on the hinge location area. Ambient temperature should be at least **70°F** for proper adhesion of the EZFreedom Flip Top Hinge. Please allow the Freedom Top Hinge to cure 24 hours before use.

WARNING

This product is intended to provide added "off-road" convenience and utility to your vehicle. This product is not intended to provide occupant containment or protection in the event of an accident or rollover. Further, "on road" use may involve increased risk of serious injury in the event of side-impact accidents. To reduce risk from these types of injuries: Always wear seat belt and shoulder harness for all vehicle occupants. Keep arms and body inside vehicle. Drive safely, read and understand all manufacturers warnings and product instructions before installation. Periodically check and adjust all latches and fasteners, Failure to do so could result in the doors not latching securely.
