FRAME ASSEMBLY

TWO PEOPLE ARE RECOMMENDED FOR ASSEMBLY

NOTE: Precision connections will fit snugly. Use a rubber mallet or block of wood if needed.

1. Connect the folding section and base parts together using these parts: 1503, 103, 107 and 1219.

Refer to Figure A and make sure part 103 has the longer slot on top.

2. Connect parts 106, 1218 and 1425, to make the Slide Tilting Assembly.

Make sure the holes on part 1425 are facing up.

3. Main Frame Assembly:

Connect part 1218 with part 104/105.
Connect part 1218 with part 101/102.

4. Connect Side Tilting and Main Frame Together. **(Figure B)**

Lay the main frame on the carton box.
Use bolt (6010) to connect part 101, 104 and 106.

Lock main frame with safety pull pin (40532)
The safety pull pin must be in at all times

Connect the main frame to 1503.

Insert side tilting steel plate into 103, using the longer slot. Lock with pull pin **(Figure C)**

5. Attach top and bottom net to the frame
Evenly connect the bungees to the top net **(Figure E)** before putting it on the frame. There should be 9 bungees on each side of the net **(Figure D)**. Lace bottom net on frame **(Figure D)**. Lace every third box on the straight sections. Lace every other box in the corners.

Front View of Throwback net Bungee Layout on the Net and Frame

ADJUSTING THE ANGLE OF THE THROWBACK FRAME

The throwback Side Tilting Section has a **special patent pending feature** that enables you to adjust the throwback without going from hole to hole.

1. Push the silver middle button in, twist to right.
2. Do the same with the other side of the bar.
3. Adjust the tilting angle.
4. Twist both sides back to the left and locate holes.

Do not use the bottom two safety slots on the side tilting section

Adjusting Throwback Side Tilting Section

1. Button In 2. Twist Right 3. Tilt Throwback 4. Twist Left

Adjusting Throwback

FOLDING INSTRUCTIONS

TWO PEOPLE ARE RECOMMENDED FOR FOLDING AND OPENING THE THROWBACK

1. Unhook the 9 bottom bungees
2. Lay the Main Frame on the ground facing down.
3. Take the Pull Pins out of the Side Tilting Section from the base. **(Figure A)**
4. Fold the base away from the main frame **(Figure B)**
5. Shorten the Side Tilting and secure in to the folding section holes with the pull pins. **(Figure C)**
6. Take the 2 Safety Bolts out of the main frame folding section.
7. When folding, Press the two (2) Safety Buttons at the same time to release the unit. Hold firmly and pull the top section and pull it back. Fold in and reinsert Safety Bolts for storage. **(Figure F)**
8. Take the Base and fold it onto the top of the folded main frame. Insert the safety bolts to hold the base together to the folded main frame for storage. **(Figure E)**

Store in a Dry Area

OPENING INSTRUCTIONS

Reverse the Folding Instructions.

Safety Bolts must in at all time when open.

Folding Steps

TIPS :

Tie the pull pin to the small hole on the side tilting section steel plate, so that it does not get lost when storing.

SAFETY PRECAUTIONS

WARNING

Manufacturer suggests wearing safety goggles for net assembly, to protect against bungee cords hitting eye. As with any play equipment, children **MUST** be supervised at all times.

Use product on a level surface.

Never use near steps or stairs.

For outdoor use only.

Allow 8 feet from structures such as a fence, garage, house, overhanging branches, laundry lines, or electrical wires.

Use common sense, and all the same precautions as you would when playing sports.

Secure unit, so high winds do not blow it over.

WARNING

NEVER allow anyone (people or pets) to stand behind the net or in any possible path of a ball or puck should you miss the net or should the ball or puck go through the net. Inspect unit before and during each use. Replace any worn or damaged parts.

Never allow children to stand on unit. This could cause damage to unit and result in an injury.

Do not use bungees for any other purposes other than to apply net.

As with any sporting activity, always wear the recommended safety equipment.

Never leave children unattended.

Use protective eyewear when securing bungees.

DO NOT RETURN TO THE STORE

**Check inside the larger diameter pipes for other tubes
