

**Custom Fiber Mill**  
"For the Love of Fiber"

# Waitsburg Wool Works

3539 Seaman Rd  
Waitsburg, WA 99361  
509-240-2352

waitsburgwoolworks@gmail.com

## Guidelines:

1. Please call or email us before sending fleeces.
2. Our high quality machinery does an excellent job on almost all fleece and fiber types, including alpaca and long wool sheep. We are not equipped to de-hair Yak, Icelandic, or other double-coated breeds, although the carder will remove some hair.
3. A 50% Down Payment will be required before processing begins. Once we receive and review your order, we will send an itemized invoice.
4. Prices per pound are based on incoming weight... Both shipping and milling costs will be lower if you submit relatively clean, well-skirted fleeces. We do not skirt unless requested, but we will charge for skirting if necessary to protect our equipment.
5. You will be notified and a final invoice sent when your order is completed. Completed orders that are not paid for and shipped or picked up within 60 days of completion will become the property of Waitsburg Wool Works.
6. Milling helps remove SOME vegetable matter, short cuts, etc., but it is not a golden bullet that will fix a poor fleece. Good fleeces coming in mean quality finished product going home.
7. We reserve the right to reject fleeces for any reason and return them at owner's expense. This includes but is not limited to: wool moth infestations, extremely dirty fleeces, or fleeces with large amounts of scurf (dander).

## Price List

### Finished Products:

Prices include tumbling, washing, drying, picking and carding.

\*\*\*We reserve the right to charge for skirting and additional washing if needed\*\*\*
