Corporate teams are taking up the team building challenge: what can be done to support those living in crisis and experiencing period poverty?

Hosted by professional facilitators, the Share the Dignity Australia Defenders of Dignity Challenge includes interactive fast-paced simulation exercises and thought-provoking discussions that promote teamwork, increased empathy and more open minds.

Your colleagues will get a behind-the-scenes view of how Share the Dignity Australia works in partnership with charities and communities across Australia to ensure that people even in the most remote and drought-stricken areas of our country, who don't have access to clean water, working toilets and affordable period products get the dignity they deserve.

This team building activity will bring your colleagues together to learn about how this charity has collected and distributed over 2.7 million period products across Australia to those experiencing homelessness, fleeing domestic violence or suffering extreme financial hardship.

Your group will see myths debunked, learn how they can make a difference in the world and their workplace and help Share the Dignity Australia with their valuable and life changing work to those doing it tough.
