TO: Plumbing/Mechanical/Fire Protection Contractors/Providers:

Our records indicate you have one or more technicians whose BF tester certification expires in 2022 or has expired in 2021. The tester has a one-year grace period to recertify if expired but cannot test until recertified.

The APHC will be conducting backflow tester recertification classes during the calendar year 2022. Be sure the class you are registering for will be completed before your current certification expires.
