

I want to take this time to thank all of you for your past support and attendance at my classes. It has been a great honor to know, work, and train each of you. Hopefully, it has been a help to you in your profession.

Just a note to let you know that I have sold my business to the Associated Plumbing and Hydronic Contractors of Central Ohio and as of October 1st they will continue the business on as APHC Backflow. They will continue the business as it now exists for backflow certification and recertification courses with the credit for CEU hours just as in the past. The APHC is considering developing separate CEU courses for those holding the state contractor licenses. Therefore, everyone that has been served by the APHC Backflow School can now be trained by APHC Backflow. The website and office address will be unchanged. The classes will still be offered at 653 McCorkle Blvd, Unit H in Westerville, Ohio 43082

Again, thank you so much for the pleasure of allowing me the opportunity to be of service to each of you.

Gratefully,

Frank
